Thread: [\[HELP\]cant open illustrator](#)

LoweredLifestyle - July 10, 2014, 3:05 pm

not sure where this goes but it's for gfx.

So today i went to work in adobe illustrator cc and when i go to open it i get this,

i looked on google and cant seem to find out how to fix it, but i did find htis, <http://helpx.adobe.com/x-productkb/policy-pricing/configuration-error-cs5.html> , but only i'm on windows 8 and when i get to step 2 i don't have the SLStore folder.

was wondering if anybody could help me?

, i still need help with this asap.

still need help, could anybody help me please?

I think you should really just follow the instructions, and uninstall and reinstall the program.
