Thread: [Graphic Designers - Skype Group](#)

Vxncent - July 11, 2014, 10:20 pm

So yeah, I've noticed there is a lot of Graphic Designers in the Graphic Market section, so I thought why don't we all come together in a Skype chat group. This will enable us to get help if we need it, and learn from each other or even teach.

To be added into this group, reply in this format:

Code Skype ID:

Graphics Portfolio:

Graphics Shop:

If I deem you are either a decent designer, or you have potential, you will be added.

Thanks.

Would I be able to join, even though I don't have a portfolio or a shop? I'm just starting GFX, and I'd love to be able to ask some more experienced members for tips and such to help me learn..

I have college credit toward it but I would never put it on a resume for a real, talented group of artists. Has nothing to do with my skills, I just listened to someone that knows more fundamentals than I do for a few hours a week.

I wholeheartedly appreciate the offer, but I'll sit this one out. Isn't exactly a priority at the moment.
Just want to excel in school ?
