Thread: [FREE Doctor Who Comics - David Tennant based - Status: ONLINE - All are Welcome!](#)

Nevieth - July 12, 2014, 5:18 pm

Hey everyone, Nevieth here with a new giveaway. This one is for all those Doctor Who fans out there like myself who just love the story and lore. Recently I acquired some Doctor Who comics, and have decided to give out 3 of these comics that are based of the Tenth Doctor.

You no longer have to private message me, check out the bottom of this post for more information!!!

Private message me [here](#).

Here is what the front page of the each one of the three volumes.

Spoiler ([Click to View](#))

EDIT:

I'm around to give these out, once the thread hits about 30 posts I'll put the direct links on the OP so anyone can download it without private messaging me. It isn't required, but please if you get these comics then posting on the thread would be extremely beneficial. It would help the thread stay alive so everyone who is a Doctor Who fan can enjoy these.

EDIT v2:

Thanks for the vouch Poro, I know I haven't updated this thread recently, however once this thread reaches 25 total posts, then I'll add the direct links to the comic to the original post.

Until the 25 post mark, you can still private message me for a copy, however you'll have to wait for me to read the message and send it.

EDIT v3:

Hey guys, we've reached 25 posts and as promised, I'm now updating this original post with direct links to the comics. Just because you don't have to private message me now doesn't mean you shouldn't vouch once you've downloaded these, as a simple post or vouch will help other Doctor Who fans find these, so everyone can enjoy the free content! <3

So make sure to download it in this order, as these three fit together one after another.

1. http://www.mediafire.com/view/r6ioqqftlv71bym/DoctorWhoVol1_Fugitivehd.pdf
2. http://www.mediafire.com/view/x5fbmd5n929i4b6/DoctorWhoVol2_Tesseracthd.pdf
3. http://www.mediafire.com/view/tg690q12qo1ql3n/DoctorWhoVol3_FinalSacrificehd.pdf

Oh and if they do not work let me know immediately and I'll remedy the situation, and if they don't

work please private message me before you go around thrashing the thread. Thanks!

Glad to see some people can enjoy these as much as I have. If people need a virustotal scan just let me know, I have nothing to gain from uploading viruses, lol.

I'm still open to send these people, just private message me first. <3

Thanks for the vouch, I'm merely trying to provide Doctor Who fans with some cool content. :D

Oh and if I get enough messages I may allow non upgraded users to get the comics too. Depends on how things go for starters.

I'm going to sleep for now, this is still open and if you private message me I'll get back to you as soon as I possibly can. (As soon as I wake up).

This is open again, now that I'm online. If you private message me you should receive the comics within 1 hour, however most the time it is within 10 minutes. The comics are on mediafire, and no ad-fly bullshit... I'm talking direct links!

Just let me know if you would like this, for the time being I'm sticking to just L33t/ Ub3r but if this goes well I will probably open it for everyone!

Nevieth - July 16, 2014, 3:46 pm

I'm online to give these out, private message me and I'll get back to you within 48 hours maximum. Most the time it only takes an hour or two... some times it takes 5 minutes. Just PM me and I'll send them over.

Remember, everyone can message me! There's no limit or requirement on posts or upgrades or anything.

Nevieth - August 4, 2014, 11:06 pm

Alright guys, we've passed 25 posts which means I'm now adding the direct links to the original post. Once you download the comics, please feel free to leave a vouch, even though you don't have to private message me, doesn't mean you can't vouch so other Doctor Who fans can find this and enjoy the comics. ? ??

The comics have been added to the first post, and are available for everybody to download and enjoy. They're ad free mediafire downloads, so don't hesitate to download! <3

Oh and if anyone wants a virustotal scan, I'm very willing to do it, I'm just figuring I'll wait until someone requests one so I don't have to waste time.

iDuL - August 5, 2014, 3:27 pm

Thanks again!

No problem now, thanks to your 25th post I've updated the original post so users can directly download the comics without having to wait for my responses.

Nevieth - August 9, 2014, 12:41 am

Wanted to let everyone know who keeps private messaging me, you don't have to do that anymore. The direct links are in the original post, no ad sites, no waits, no surveys, and no hassle. Just click download, or view and you'll be good to go. Hell you can read the comics without even downloading them if you're afraid of any infected files.

Upon request I'm willing to commit to a full virus total scan, however only upon request from someone of quality. <3 I don't want to get spammed by the first 30 people who joined HF for free stuff.

Nevieth - November 20, 2014, 9:01 pm

I know this is an old thread/ giveaway however I wanted to inform those who didn't get these before, that this is still working and available. You don't have to private message me, the direct links are listed in the OP.

I just tested it and the downloads are still working, so get this while it lasts! <3

Nevieth - April 7, 2016, 7:09 pm

This is quite an old thread but I figured I'd post one last time to let everyone know I've tested each link and they still work. I've made certain I have access to the file sharing account in case I need to recheck them, but for now they're golden.

Nevieth - September 15, 2016, 12:44 pm

Posting just to let you all know this is still available and completely free! No need to private message me, the direct download links are in the OP.
