Vouch for Zen. Made me some great GFX!

Flourishment - July 21, 2014, 9:14 pm

I vouch for Zen, not only did he have my work done quickly, but the quality was great as well. When I wanted something changed, he did it right away and didn't have a problem. He was easy to work with and wasn't rude. I would strongly suggest him to anyone looking for a graphic designer!

This man right here did an amazing job for me customized it to my complete likings and was quick about it too.

iloominati - July 31, 2014, 6:47 pm

He has done a great job on my server banner, 100% guarantee it will attract new players, gives my server an even more professional look, huge vouch do not hesitate to deal with this member! He makes sure that everything fits your needs and will personally make sure it's compatible with sites like PMC (Due to file size). He deals with the job fast and makes it his #1 priority. If this isn't a amazing job, I don't know what is. Just perfect. You'll be surprised how fast the job gets done.
