@D31TY: Creative? Maybe. Skilled? Absolutely not. Morgan Freeman is a deity right?

@Dr.Rockzo: Sorry bud. No Bitcoin here. Anything else?

I was going to carry this one on for a long time and try to do as much for everyone as I could.. But my mood isn't going to allow it for awhile. If I get out of this slump I'll send some cash to the users that I didn't complete the requests for. I apologize and thank you.
