It simple buddy, here is a link to get all the info you need:

<http://www.omnicoin.org/>

This is the DIRECT DOWNLOAD LINK for the Wallet:
http://www.omnicoin.org/Omnicoin_v2_QT_win.zip

It is a .zip file, just look at the information on the website and download the wallet. It is pretty simple to use and figure out.

Good luck, and sorry you didn't get the right number ?

Alrighty page 4 so here is a hint:

It isn't the answer to everything but it isn't far away, if you think about the numbers then you might hit the mark with no delay.

No one has gotten it yet btw
