Wasn't it 10\$ before? I was planning to buy it but since the price has been raised I skip this one.

Widow's Peak - May 22, 2010, 8:47 am

Looks interesting. A little over priced though.

It was, but it was changed.

shockz - May 22, 2010, 9:04 am

To over Priced i would recommend Keeping it to \$10 as i can buy a popular tpb account for \$10 maybe less and Properly get more downloads than this.

constarr - May 22, 2010, 12:27 pm

did you say cuz it sold more that you updated the price higher? that makes no sense.. this looks interesting. but seems to good to be true.

Simple rule of Supply & Demand.

And no its 100% REAL!

.crudd™ - May 22, 2010, 9:23 pm

Hi, could you PM me your msn? I'd like to negotiate a trade.

.Infinity. - May 22, 2010, 9:37 pm

Put it back down to \$10 and I'll buy it.

Meth - May 23, 2010, 12:27 am

I'm debating on buying it right now XD

Edit: Purchased it. Very short and to the point. Lets see how it goes.

poony - May 23, 2010, 1:02 am

lol this is the shittiest ebook i have ever purchased. and you cant even get 1k in a day u cant even get 5 dl's in a day. youtube videos of a paypal hack that have been uploaded for 1 day dont even have 100 views.

Meth - May 23, 2010, 1:55 am

Yeah I'm pretty unsatisfied with it as well. Your esentially paying for one line of code that makes the page look shitty anyways.

Promoting videos is not easy.

Not worth the 15\$
Do not recommend.

The Elite - May 23, 2010, 4:10 am

Wow, you stickied this just because you're an e-Book Bazaar Moderator?

Isn't this unfair to the members who must pay for their stickies, yet since you run this section how is it fair your promotion of the eBook receives top attention for free, yet we can't get the same treatment. What also amazes me is the fact that this isn't your own eBook, it's for another member, so that's weird.

P?r?more - May 23, 2010, 4:59 am

I'm quite sure the author paid for this...cause Yin is just reselling...

The Elite - May 23, 2010, 5:03 am

Nop, he didn't pay for his last thread either:

SkatinXLife got his thread unstickied and I made the thread and stickied it as it's still paid (until the 28th). It's a PAID sticky.

Bullshit you don't even respond even though you're clearly there.

I didn't expect some miracle method but this was just pathetic. My oppinion would be otherwise if you actually helped with promoting like you said you would (since your e-book doesn't cover that at all.) I'm sorry to break it to you but it is not as easy as just putting a video out there.

Here's your thousands of downloads your e-book got me.

LOL!

Im not man.

Besides you, and one other person all my customers are satisfied.

You saying that because the eBook is 2 pages long.

How about you try it, before bitching.

EDIT: I dont even think you purchased it :/

Meth - May 24, 2010, 3:47 pm

I will be satisfied with this ebook, if you enlighten me on what im missing out on to promote the video. Eg. Tags etc.

Your not missing out on anything. I guess your just not capable of following the eBook, but dont worry Ill TV you.

Meth - May 24, 2010, 6:20 pm

Capable of following the ebook? You got to be fucking kidding me. All it says is to post video responses

You clearly haven't realized.

- 1.You can only use a video as a response to one video at a time.
- 2.All videos for the most part require approval to post a video response. Do you think someone is going to fucking accept someone else's spreading video?

Might want to check your 5 sentence guide, to see what you wrote before you tell me I can't follow.

asillychilly - May 24, 2010, 6:40 pm

Chill bro,

1. Its not 5 sentences.
2. If the content of your video is good. (faked well) then you will get alot of views. Thats rule 1 of promoting.
3. If my other 15 + customers can easily do this with great results. (1000+ downloads) why cant you? = Your not capable of doing this.

????????™ - May 24, 2010, 7:13 pm

i cnat find any videos that let me posta response and my video just sits there lol

Thank you!

This guy, -3 repped me for "flaming" when I was leaving feedback seeing as I DID buy it.

I would not recommend buying this to anyone.

Its a shitty guide thats less then a page of instruction

Claims noone knows about it when its basic javascript. Claims I didnt follow it when he gives NO instruction.

I'm sorry to burst your bubble but it is not easy to magically get tons of youtube viewers. This is a horrid guide, the only thing semi-useful is the javascript if you didn't know it.

PS. Having a legit looking video wont get you more viewers as they would have to WATCH it in the first place. Once a video gets going it gets viewers it can look fake as fuck, but getting it going is the hard part.

Purchased Rusty's guide. He knows how to write an e-book ?

DONKEY_ONLINE - May 24, 2010, 11:17 pm

Plan to buy this guide soon as i get access to a windows computer. I love learning new methods to grow a big botnet. :3

EASTBAY LOC - May 24, 2010, 11:44 pm

You can't -rep him for buying your ebook, dick. If it doesnt work then either refund him or help him make it work. Dont tell him hes not capable. You claimed anyone can follow your guide so YOURE at fault here.

Just some helpful business managment advice.

Meth - May 25, 2010, 12:08 am

He refunded it partially, then -repped me immediately after.

I can assure you I followed the guide perfectly, it's just not good. I would have even removed my posts and left it as is if he just refunded me or helped me and dropped it. But the -3 was uncalled for.

Id give him -rep for not doing what he says he is going to do, but he'd probably just go apeshit and

revenge rep me. Just trying to mediate here.

MR^E - May 25, 2010, 6:10 am

This did not work at all im disputing the item with paypal don't -rep me im not flaming i tested this and it did not work at all i guess its just an old book :/

DoX - May 25, 2010, 6:11 am

Hmmm whats with all these -ve comments...

?????????™ - May 25, 2010, 7:28 am

ive done the ebook perectly and have gotten 26 views in 2 days nothing near 1000 dls. Ive seen this same method way back and its not that unique you can simply use firebug to edit your paypal cash that's what the old method was. You cant really post video responses cuz ppl will delete them and there's 1/30 vids that actually have the option. Its just like any other method, you need to get the vid going with views before anything can work.

asillychilly - May 25, 2010, 7:31 am

1. I -repped him for lots of reasons.

2. Im no scammer or anything, so if some of my customers find my eBook vague I will listen. I will be writing a V2 that will be more detailed etc. I have refunded the 3 people with complaints, and will be sending them free versions of the updated eBook.

3. The other 10 or 15 customers that are satisfied will also recieve a discount on the eBook.

Cheers.

Fish - May 25, 2010, 11:07 am

I Was planning to buy this but after all the bad feedback I will wait to see how it turns out

Meth - May 25, 2010, 12:10 pm

What other reasons? Because I had complaints about your product? You never helped when you said you would. I never flamed you ass hole I left feedback on your product learn the difference.

I'm glad to see you're taking charge. I apologize got being slightly rude in the previous posts. Remember, happy customers equal a successful business. And a sucessful business equals greater future income. If you keep all your customers happy, even if your product doesn't suit them, then you will still become more trusted. Good luck on v2. If you get good reviews I WILL buy it :).

Cheers and once again gl!
