Episodes : 12

Forgive me first time actually doing this.

Opinion : Since I am a big fan of SoL/Comedy anime like this and especially if it reminds me of Non Non Biyori. I recommend everyone into this type of genre to check this out. Its currently airing 3/12 Episodes so far and its loaded with comedy and slice of life.

For those who been following what are your thoughts so far on this series?

I'm loving the Anime so far, going into it I thought it was going to be pretty boring, it turned out to be the complete opposite.

Oh and Naru is the cutest character of this Season

Just finished episode one. This series is surprisingly good. I had a few good laughs during the episode and I will be following this series I'm sure. Its a good light series and definitely beat my expectations for it.

I've seen a lot of people bitching about Anime adaptation. Are the changes really that big?

7/10 times anime adaptation will get bitched at due to budget cuts and other things. Its expected, but there are some really really bad anime adaptation we learned this from last season with Gokuku Bryndylr or w/e that shit was, it was more rushed then school days last episode.

Lyralei - July 23, 2014, 4:11 am

Well its really good for me, kinda refreshing after watching so many plot-locked stories :)

cacnecac - July 26, 2014, 3:27 pm

Another excellent episode guys, if you want something comedic and refreshing and haven't seen this yet, catch up !

Aar?n - July 28, 2014, 3:17 pm

This show is definitely one of the better shows this season.

It's pretty funny and entertaining.

Plus the quality of the anime isn't going downhill it seems so maybe this could be anime of the season for me.

It's def my top 3 this season so far atleast. People are too caught up in terror/ghoul/akame/ and sao / zero blah blah to even realize it, but hey early in the season baby.

True since shounen/action is what people tend to look for in an anime.

I do watch those myself but this show does make my day better after watching it.

It definitely is a under appreciated hidden gem among the summer anime.

Yup I feel the same way, so relaxing to watch.

ohplz - August 3, 2014, 1:59 am

Labeler - August 3, 2014, 4:30 pm

cacnecac2 - August 31, 2014, 3:26 am

Looks like a dead topic :(is anyone still watching this? Its starting to get serious ;). But yeah this show brightens up the day for me.

Tedeschi - August 31, 2014, 10:13 am

Haven't watched many Slices of Life but this anime is really nice, enjoyable characters and easy to watch with a nice mix of comedy. So far I'm on episode 6 probably going to watch more later.
