Sent him my skype via PM, anyways here is my review

Unique 10/10

I have not seen this method before anywhere, it is completely new and it will work!

Grammar 9/10

I saw no spelling mistakes, but he might have missed a comma or two

Will it make profit?

Yes, this will make profit at least \$50 per day and it is autopilot. Takes around 20 mins to setup!

Is it worth the \$100

Absolutely, It comes with 2 methods. The second method can make you thousands and thousands!!!

Sheesh - July 26, 2014, 4:36 am

Is there any selling needed? Is PayPal the only way to get paid?

? I think this guy tried to be a perfectionist then failed at it epic ally lol but honestly his grammar was not that bad. He typed the ebook pretty fast and threw in some photos made it look like a cow. I probably saw maybe a few light errors which I will not shun him for. Honestly I do not know why people make a deal about grammar, as long as you can read it I would not care if the author typed like a fucking idiot. If it makes me money he can type with the keyboard up his ass for all I care. Taht said here is your grade author.

GRADE: 92 / 100

? I admired the fact that the author of the ebook took the time to put it together well by adding some photos and some extras too it. He explains it smoothly where it will be easy and noob friendly. Most people especially lazy people want the noob friendly ebooks. Who doesn't that said...

GRADE: 95 / 100

? This method can be effective actually, can make some easy side money. If you are a little pussy who is scared to black or grey hat stuff and wanna keep it on the good side of the world please buy this ebook, if you do this right you will earn. Plus it is re mixable where you can profit EVEN more, who would not want that?

Bonus method can also make some money but that one is a tad bit immoral but if you don't mind snapping some bones for ends meat go for it.

GRADE: 93 / 100

? If you have a good ebay account or wanna start on ebay and make some EASY rep, I would highly reccomend this ebook, it virtually flawless and can make you that easy "autopilot" money. I am def going to use this method, it will pay my phone bills every month. Now that is something worth paying for. You will make your money back too virtually instantly!!!!!!

OVERALL GRADE: A+
