Thread: [Giving away L33t and Ub3r, High quality users ONLY](#)

George Washington - July 24, 2014, 9:24 pm

Hello there, this is MeshCollider's application for an Ub3r Upgrade

[img]http://x.hackforums.net/images/modern_bl/groupimages/english/ub3r.png[/img]

Profile Link: <https://hackforums.net/member.php?action=profile&uid=2015410>

Do you meet the requirements?: Yes

Why do you deserve the upgrade?: Yes, definitely!

What contributions have you made to the forum?: I am always active, friendly, helpful and high quality. I have written heaps of tutorials on hacking and coding, including the biggest hacking tutorial on hackforums! My threads:

<https://hackforums.net/search.php?action=results&sid=99bd0bb71cf329ab9603b4e2b500c354>

I believe that if I was ub3r, more people would take notice of my tutorials and bother to reply to keep them alive and helpful for others. As ub3r, i would have more credibility.

I am really active in the coding section too, I help whoever i can with programming because i am very experienced - especially in Java.

I have only been on HF for less than a year, yet i already have almost 1800 posts and 74 positive rep (no negative).

I want to be able to sell my software in the OMC exclusives market section to help the coin grow, because only ub3r or ep1c can sell things there.

I want to be able to give out more rep, and be able to give negative rep, because some people really deserve it, like people trying to infect other members.

I want to be able to post in the ub3r only section, and take a self account ban when I go on vacation.

I really need a bigger PM storage, because lots of members PM me for help and my inbox fills up fast. With more storage i could effectively help people easier.

Why do I deserve the upgrade?:

I think I deserve this L33T upgrade since I've contributed a lot to the community (for a non upgraded member). I've done a giveaway on HackerCraft, the famous Minecraft server from Omni himself! Gave away enough stuff to buy the HackerCraft award, which I've sold 2 of too! I've also sold a lot of RSGP, which you can see in my Rep, I always went first and did lots of smooth and fast deals. I made a Runescape guide for a boss, which wasn't really liked by everyone but it took my quite some time. My plan was to start my own Runescape GP shop soon, but I'll need a atleast a L33T upgrade for that, recently I gave away quite a lot of RSGP too. And I've never had any problems with any member on HF, which I think is normal.

What contributions have you made to the forum?:

As I've mentioned before, I did some giveaways, made a nice quide and sold a lot of RSGP for a very nice price!

I would like to Upgrad3 to

I want it because, i lost all my money on paypal due to someone hacking it, taking all my money and putting it in their bank account. I had £900 in it. Paypal has done absolutely nothing about it.

I have not contributed anything to the forums yet, only a bit of laughter to some members but nothing else. I will be contributing in the future when i finish my DayZ Standalone Hacks. ?

I hope you realize how hard it is to want to do something but not be able to.

I was actually planning on Upgrading to Ub3r on the 28th until my paypal got taken.

But thanks for the contest. I hope i have done enough to get your attention.

Thanks OP. Goodluck to the winner!

About Me:

Well I join HF as a skid who just wanted to hack everyone. But as I matured, I learnt that my greater desire was to be as helpful as I can be. I then recently started coding about 7 months ago, and since then I've loved it, and I always try use my skills to help members.

My Contributions to HF:

I spend most of my time in the VB.NET section helping members with their code, and in some occasions I code entire projects for members for free. (That's my nature).

Here is a compiled list of my most proudest contributions to HF.

Spoiler [\(Click to View\)](#)

Although this program looks simple, it's not. It loads everything dynamically from a database at runtime. I could show u via TV if you wish.

Why I would like UB3R:

I feel like I have contributed so much to this forums, with helpful posts, programs and tutorials. It would be nice if the favour could be flipped the other way around. And me receiving uber would only motivate me to be more high quality & active around the forums.

Proof of being approved:

I'd truly appreciate an upgrade to L33t.

I give back in a positive manner to the community as much as I can, and would continue doing so even if I am not chosen.

Thank you for the opportunity of this giveaway. :)

rudeman - July 27, 2014, 4:54 pm

Are you going to give the winner money to buy Ub3r? Since you're not Ub3r you can't gift others

ub3r.

drawback - July 27, 2014, 6:11 pm

I'd like to get an ub3r upgrade. You should also upgrade yourself first before you do something like this maybe.

I would like to be upgraded to uber if i get picked.

High On Quack - July 28, 2014, 9:31 am

Lol, just over 40 rep, I have no scam reports open. I am already ub3r approved and I really hope I get upgraded! Thank you for doing this!

Why I think I would earn ub3r: Every day I sort the beginner hacking by replies ascending and answer every question I know the answer to

People say I am HQ and a helpful member

Whenever I have the time I will post tutorials on how to do things, like setting up a server on a R-Pi.

bk randy - July 28, 2014, 2:16 pm

I thought L33ts couldn't buy other members Ub3r until they themselves became Ub3r?

Anyway, I've been wanting to become Ub3r for quite some time. I help out as much as I can in the Vices section and make an appearance on about every thread.

Really hope I'll get a message about this soon :)

Edit: Yeah, plus I've had over \$2k in transactions here and not a single scam report, dispute or problem.

I feel like I'm high quality but I don't get repped for anything I do :(

Is there a service or something I can offer to gain rep?

Regulus - July 28, 2014, 6:25 pm

Looks like something nice man. Would be awesome if you did Epic as well. :)
