Nope, the award is seen for everyone.

Many rumours going round, I heard if you post a thread saying "Script to allow you to rep whore" you would get +99999 rep :)

Posted so many times. Old news. Yes, obviously this is not only shown on your client.

They're just awards dude. Who honestly cares.

Otis???????????????? - July 25, 2014, 2:49 pm

I wonder why Omni gave him all of the damn awards.

LijpeMD - July 25, 2014, 2:50 pm

How did he get so much? Did he buy all of them or something?

JohnLennon - July 25, 2014, 2:51 pm

Sorry, what exactly are we looking at?

No one. He was just asking if only he could see it.

You're pretty late bud and no, we can all see it.

There is a "rumour" going around that 'Snorlax won the lottery and donated a pile of money to HF. I'm not sure if 'Snorlax confirmed it to be true though.

Ishmel - July 25, 2014, 2:53 pm

Snorlax is like Omni's cousin or some shit?

Or is that like froggy or some shit.

But yeah I see them too.

joneh heil - July 25, 2014, 3:04 pm

That's awesome. I thought it was some sort of easter egg is some of his userscripts that I use.

Carl Elias - July 25, 2014, 3:05 pm

I heard a few rumors:

'lax won the lottery and donated a lot to HF and Omni gave him all the awards

'Lax asked Omni to remove a few awards and he removed them and somehow made 'lax mad, then Omni got mad and gave him back the awards and more.

I am sure there are more rumors, but 'Snorlax said he wasn't going to confirm but someone has posted the reason already, and he asked people stop asking him, so we just have to find the most reliable rumor lol

Second one is closest to being right. Omni removed the rewards he asked for, plus a bit more. Snorlax got mad because those ones that were removed he wanted, then Omni got mad. Then he got everything.
