Thread: [Nude Beach Blow Job Jet Ski Fight Leads to Wifes Death](#)

well then - July 25, 2014, 4:44 pm

Yes, this is real.

Quote:When your wife catches you blowing a dude on a boat off a Florida nude beach, the correct response is to immediately apologize, and, once the situation has cooled, have a frank, open conversation about sexuality. Not recommended: throwing her off of the back of your jet ski and leaving her for dead.

Michael Doster was arrested for domestic battery in Passage Key, Florida after his wife Pamela discovered him in an intimate moment with another man on a boat near the popular nude beach (he and the man were allegedly performing oral sex on each other, the Daily Mail reports). The couple allegedly began arguing whilst atop a Sea-Doo, and Doster threw his wife off the vehicle four separate times. Pamela Doster refused to re-board after hitting her head on the final toss, so her husband left her on a sandbar. Both Dosters were drunk.

Michael called 911 when he returned to shore, and Pamela was found bruised and battered on the sandbar wearing only a life vest. After several days in the hospital, she died. Local law enforcement named Michael as a suspect in the investigation into her death. Manatee County Sheriff's Office spokesman Randy Warren told NBC:

"This takes our case to a different level. We need to know exactly what happened. We can say that Michael Doster is a suspect."

Law enforcement officials are now searching for the recipient of Doster's blowie, as "he may be able to give us some good information as to exactly what occurred."

What did I just read. Seriously what the fuck? So all in all the guy was gay and decided to kill his wife for the man.

zeroexp - July 26, 2014, 1:43 am

What the fuck. The title itself gives me headaches. This is so wrong in almost every way.

emjay - July 26, 2014, 6:43 am

Of course it's Florida. Do we really need them? "Make it fine with 49"

BlazeinBoi - July 26, 2014, 8:38 am

Hexicidal - July 26, 2014, 10:37 am

Hash Slinging Slasher - July 26, 2014, 10:39 am

This reminds me of this reddit:

<http://www.reddit.com/r/floridaman>

Anyways, I thought the guy killed the girl because she was performing oral on another guy. Then I read it.

Unauthenticated - July 26, 2014, 1:48 pm

So I though the wife was bjin hjin someone but it was the dude! ???

BUT THEN I SAW IT'S FLORIDA, its k.

YmT590 - July 26, 2014, 1:53 pm

That's hilarious and disgusting, crazy stuff happen in Florida.

Erby - July 26, 2014, 3:52 pm

Err... What?

I'm confused? I mean, I live in the South, but this thing normally doesn't happen where I live. Those Floridians are crazy. The whole story and title is confusing.

From my understanding:

Somewhere in Passage Key, Florida, Mr. Doster is blowing another man. --> Wife is spying/sees them (how?) on the boat ----> Later, he chucks her off of her Jet Ski ---> Even though she should've sobered up a bit after one of them, she still keeps getting on and thrown off ----> Refuses to get back on ---> Husband is /mad since she won't get back on, and, leaves her for death since she got hit in the head ----> Both were drunk ----> He calls 9-1-1 (WHY? Shouldn't you have gone back and THEN called 9-1-1?) ---> End.

The title of this thread sounds like it should be a Quentin Tarantino film.

Ebol? - July 26, 2014, 5:18 pm

This just got more interesting as the title went on. Thanks for the share! So weird.

Nicole Mejia - July 26, 2014, 5:21 pm

b?xxy - July 26, 2014, 5:22 pm

Wow. I really want to know what they were arguing about to see who was provoking this and who was in the wrong. Either way, he shouldn't have kept throwing her off.
