Hey guys Camdog here. Thought i would create an eBook. You will get more info and knowledge then 90% of the other eBooks. This eBook will surprise you as far as what is in it. Monetizing method? not sure (; A dick pick? Nope. It is quite interesting and you will be happy with your purchase.

Cost is \$2 (:

I didn't want to risk the \$2 and end up with a dick pick. For all you betting men though, its a 50/50 between monetizing method and dick pick, its well worth the risk, sorry I'm not a betting man.
