Vouch for this dude. His "Grade Saver" eBook is fantastic. :)

?Solace - July 27, 2014, 6:35 pm

(Jul 27, 2014 06:34 PM)Kings. Wrote: [\[CITE\]](#) Vouch for this dude. His "Grade Saver" eBook is fantastic. :)

Aha, thank you Kings :D

Would you be interested in reviewing my new eBook?

Oak. - July 27, 2014, 6:36 pm

If you are willing to give a vouch copy feel free to message me, I shall review it for ya.

Also any earnings proof?

Mons - July 27, 2014, 6:37 pm

Vouch for OP!

He is a legit guy and I'm sure his methods will work well.

V For Vendetta. - July 27, 2014, 6:39 pm

I kindly asked Solace for a review copy to which he agreed to. I do not know Solace nor do I have

any connections to him whatsoever. This review is 100% my own.

Method:

Long story short, this method works wonders. You can start off with an investment as low as \$20 (yes you need an investment) and manage to get \$500 very quickly. This method does not consist of Social Engineering or any other blackhat things disallowed on Hackforums. As this method is in person, it guarantees money (most online methods are either scams or only work for the seller). I rate this method 9/10.

Grammar:

I noticed a couple grammatical errors. However, they did not hinder the quality of the e-book nor did it make difficult for the reader to understand. I rate the grammar 8.5/10.

Quality:

The quality of this e-book is mediocre. Solace focuses more on the method than on the overall appearance. Pictures should be added in order to improve overall appearance. I rate the quality of this e-book 7/10.

All in all, I rate this method 9/10 due to the simple fact that it works.

Regards,

V For Vendetta.

?Solace - July 27, 2014, 6:41 pm

Thank you guys ^^

Message me on skype, I'll send you review copies of my new eBook.

The earnings on this one are well... I own a 27" iMac now :D I suppose I could post a picture? I don't have any receipts.

IntelliJ - July 27, 2014, 6:55 pm

Alright, so I'm back (woot!) for another review of Solace's methods.

Here's how to make bank:

Step 1 - Buy this eBook.

Done.

So I've thumbed through this, and it's something I've never seen before. I've read through hundreds if not thousands of eBooks from HF and other forums and NONE are as good as this one in terms of practicality, ease, and general profit. As I said with the last review - "get off your ass (wait, okay, maybe not) and buy this eBook." You cannot go wrong with this, I promise.

As promised by OP, this is NOT CPA, PPD, etc. You're not scamming anyone. This eBook is slightly blackhat, but it still works. I've thumbed through laws that pertain to this method and I've found nothing in my state, nor any of the 48 continental states, that would indicate that this is something that gets you more than a warning.

This eBook speaks about one company in particular, however I've got another tab open and I'm looking at other companies. If I'm correct, this will work for McDonalds, Burger King, and Target, as well as Walmart. (This eBook contains none of those however.)

What are you doing? Click on the buy link. Do it, you won't be disappointed. Are you unable to make money with this method? Can you not understand the simple instructions? PM Solace! He'll

help you, I promise.

Great eBook, 10/10 would vouch again. :P

GamersUnited - July 27, 2014, 8:15 pm

Ha! used to have my teachers information. Made A LOT of money back in middle school from bringing up people a letter grade or two. Was sweet.

GLWS!

MrKamarJ - July 27, 2014, 8:22 pm

I am in no way affiliated with Solace nor his product, Corporate Exploitation. This is a 100% honest and opinionated review.

After viewing the eBook entitled, Corporate Exploitation:

~ Look And Feel [8/10] ~

It is a normal white background. Nothing really special in this department however their is one picture that fits very decently.

~ Grammar [9.5/10] ~

I really like the word usage in this eBook. I found very little to no mistakes at all in correct grammar usage.

~ Method [8.5/10] ~

This is very much indeed a black hat method. The method is very promising however it does take a little investment and time. Also, if not extremely careful, serious consequences can come about this, but what should you expect from a black hat method?

~ Overall [9/10] ~

You can truly make some serious cash with this method. Yes it may take a little investing and time, but in the end, you will NOT be disappointed in your earnings.

Solace, You have my vouch!

GLWS!

-ElloDer ?

GamersUnited - July 27, 2014, 8:31 pm

If the way of making \$ is through classmates.. always gotta be careful when doing it. Even the most thug looking kid is a snitch.

milkywaythegodfather - July 27, 2014, 8:31 pm

I managed to get a vouch copy from Solace.

The method actually managed to make me laugh because of how easy it is and how easy it is to exploit it.

I don't really ask to review ebook often (this is a first...) but after seeing his Grade Modification ebook I thought what the hell, why not.

This method is extremely easy to exploit if you can drive.

The bigger the investment the better and the more you make.

The method is not get rich quick but you can easily get 1k a month with this.

Yes you do need to get off your lazy ass and do shit physically.

?Solace - July 27, 2014, 8:40 pm

(Jul 27, 2014 08:31 PM)randycruz Wrote: [CITE](#) If the way of making \$ is through classmates.. always gotta be careful when doing it. Even the most thug looking kid is a snitch. These are two separate ebooks. I'm not telling people to rob their classmates look.

A big thanks to everybody who's vouched for me! ?

FrostBit - July 27, 2014, 11:57 pm

I am in no way affiliated with Solace nor his product, Corporate Exploitation/Grade Saver. This is a 100% honest and opinionated review.

After viewing the eBook entitled, Corporate Exploitation and Grade Saver:

Look And Feel [9/10]

Both E-Books are simple. Nothing flashy just black on white with color titles for one of them. Super simple and doesn't distract you from the real reason why you are there, to read the books and learn from them.

Grammar [10/10]

The wording was super easy to understand. At one point it felt a bit off but even so it was easy to understand. If you speak English you will understand how to do these methods.

Method [9/10]

The Grade Saver method is DEFINITELY black hat, however the other is more Grey Hat than anything. Both are super easy however the money making E-Book definitely is time consuming and you need to have an investment, the larger the investment the shorter time it will take. Overall both methods are great.

Overall [9.5/10]

You can definitely make A LOT of money using the method despite the time it takes. Grade Saver is also not only for changing grades, it has a much larger purpose that can vary from many different things. I bought Grade Saver and revived the other as gift, however I would definitely buy it knowing this method. It is great and actually works, you can get a lot of money/items from the method. Both E-Books have obviously taken time to make and I enjoyed both of them. You will NOT regret your decision on buying EITHER.

Solace you have gone above and beyond my expectations, I wish you the best with sales and hope you get what you deserve.

GLWS

team_kittenz - July 28, 2014, 12:39 am

Going to leave this here to buy late
Glws.

SIM-985864 - July 28, 2014, 1:46 am

Look: 7/10

There is only one picture, no more is needed though. The look is very plain but the content makes up for it.

Grammar: 9/10

I think I only spotted one very minor mistake, other than that the punctuation, grammar, and word usage is great!

Method: 9/10

This method is really unique, I have never seen it anywhere else. It is black hat and requires some effort but for the money you can earn, it is worth it. This method does require you to leave your house and is not something you could do sitting on your computer, I personally prefer this type of method, specially since its guaranteed to work.

Overall: 9/10

I would recommend this book to anyone who is interested in making some easy money. You could make double the money of the book in one day with little effort if followed correctly. Stop reading this and go buy it!

?Solace - July 28, 2014, 12:58 pm

Shout out to -Hex, ?Prism?, and AlphaKiloCharli! Thanks for your reviews ^^

Two more vouches should be coming shortly.

Will be adding your vouches to the thread. I am no longer giving out vouch/review copies.

Good kisser - July 28, 2014, 9:13 pm

I purchased the Golden Package from Solace. This second eBook isn't as in-depth as his last eBook, but it's still very high quality. This method will work anywhere in America and requires a moderate amount of effort each month. With this method you could easily make upwards of around a thousand dollars a month. I highly recommend purchasing either of his eBooks if you need easy grades, or you're just looking to make some extra money each month.

?Solace - July 29, 2014, 1:48 pm

(Jul 28, 2014 09:13 PM)BUBZ :) Wrote: [\[CITE\]](#) I purchased the Golden Package from Solace. This second eBook isn't as in-depth as his last eBook, but it's still very high quality. Thanks for your vouch BUBZ :D

Another sale will begin soon.

Prettykitty - July 30, 2014, 2:12 pm

Hi everyone I got a copy of both his ebook (won the contest he held a while back for the hack your teachers ebook) I can tell you that method is blackhat but very very original. You would never think of it. It is almost guaranteed to work. I will be using it at university soon. A very detailed guide with step by step instructions almost noob proof. He is a nice guy and provides additional support if needed (I needed it lol). You can also make money with this by selling services to close friends.. but of course it isn't recommended as word might get out (make sure they are really close friends)

His second ebook about making money is shorter but to the point. It doesn't exaggerate and nothing fancy. It does lack some screenshots but since most of the method is done offline.. there doesn't really need to be. It is a simple method, does require investment and some time. Better if you have a car to get around. I am 99% sure you don't know about this method. It is very original and has a lot of potential as you can add twists which I told the ebook maker. He will be adding my twist to this method soon! It varies from 450-900\$ a month but you can potential do a few thousand.. depends on how much you invest and how much time you put in. NO hard work is required. Just some commuting.

?Solace - July 30, 2014, 6:56 pm

Thanks man :D

I'll be releasing a third eBook shortly.

My Back-to-School Sale will also be starting soon.

IntelliJ - July 30, 2014, 7:50 pm

I'm able to vouch for both of his eBooks. They're great and I PROMISE they work! I am not paid to say this, I'm not saying it because OP is an epic dude, I'm saying it because it's true.

I voted for the first option on the pole.

?Solace - July 30, 2014, 9:46 pm

I'm strongly going to encourage everybody to vote. The results WILL be swaying the price drop for my back to school sale.

Edit: Feel free to post whichever option you voted for. I may contact you.

Corporate Exploitation has been patched in the U.S.

Sorry guys. On the bright side, nobody purchased it.

Back to school sale has started! Only FIVE DOLLARS TO GET THIS EBOOK!!!

Prettykitty - July 31, 2014, 2:59 pm

Huge vouch for this guy, 5\$ is such a great deal. All those who voted that you couldn't afford BUY BUY BUY NOW

?Solace - August 1, 2014, 8:57 am

Thanks Kitty :D

This sale won't be lasting for too long. P.M me to purchase support if you need it (for the \$5 copy).

SIM-958963 - August 1, 2014, 9:08 pm

Amazing e-book, you will definitely be able to hack your teachers and raise your grades. However, this is highly BlackHat, so you must be really careful when doing this. In overall, I must say that the e-book is really well made: it got good design, it explains everything really well and the English is clear and comprehensible. You will not regret buying it!

Solo.2 - August 2, 2014, 7:45 pm

This is a nice eBook, you can easily get top marks if you actually go do it he explains it step by step. I recommend it if you want to get amazing marks.

Christina Perri - August 3, 2014, 5:02 am

Out of all ebooks on hf this one is probably the most legit one around ive purchased many ebooks not just from hf but this one seems like it could be professional, the method ive never seen its not a obvious one you can just think of i def wouldnt of thought of it myself. The only thing i ask is if there are any better ways to protect yourself when doing this method? im only a little worried il get caught

?Solace - August 3, 2014, 9:18 am

Just message me on Skype if you need any help!

Evil - November 25, 2014, 12:45 am

What is the likely hood that the grades will be changed to their original state? (Eg. somebody notices they have been changed.) I already have a 4.0 gpa, what I am wondering is if I can lower the grades of somebody else using this method.

?Solace - November 27, 2014, 3:30 pm

(Nov 25, 2014 01:45 AM)Ev?I Wrote: [\[CITE\]](#) What is the likely hood that the grades will be changed to their original state? (Eg. somebody notices they have been changed.) I already have a 4.0 gpa, what I am wondering is if I can lower the grades of somebody else using this method.

It could be done. Really this depends on the setup of the school board. Grades are stored in most systems with the school board, not with the school. The student would have to prove to their institution that "something" happened to their grades. Principals and Guidance counsellors, are the only individuals who can tamper with grades after they've been registered with school boards.

If you're trying to keep somebody out of college, I definitely would advise against that. You could likely do it, but chances are that they'll get fixed eventually.

MachoTaco - November 27, 2014, 8:02 pm

Does this method involve social engineering?

?Solace - November 27, 2014, 9:55 pm

(Nov 27, 2014 09:02 PM)xZyron Wrote: [\[CITE\]](#) Does this method involve social engineering?

This method does not directly require social engineering. Of course it always helps. You should know to be smart enough to be nice to your teachers before committing a crime.

MachoTaco - November 29, 2014, 3:53 pm

Vouch for OP. Do not hesitate to buy! GLWS.
