The example really isn't showcasing a realistic looking signing.. the blurryness in the middle makes it look unrealistic. I know what you were going for but it did not work out. You should try again with a different shot and hopefully a better result. Not being rude, but customers will demand realism and not something no one will believe in. Just helping you out here.

You are less trusted than the seller itself lol ?

Businesses - July 29, 2014, 6:55 am

Well the prices are somewhat high, professionals can make it faster..2 min work I guess. Well good luck with your sales.
