Thread: [Scammed by Dark UID:2025980 HF WRITER SCAMS!](#)

YeezySaint - July 31, 2014, 4:45 am

So I was scammed by dark on May 28, He did the usual I have sent the payment I got nothing told him I didn't and he decided to open a community alert on me, today im coming back to expose this user and his scamming ways.

When he told me he sent the money and I got nothing, I asked him to please join.me proof that he had indeed sent the money, He told me he did not join.me with scammers and would not.

Here he posts a community alert about me attempting to scam him:

<https://hackforums.net/showthread.php?tid=4254772&highlight=1449790>

also he is now trade banned on steam.

I am here today to show you proof that I was indeed scammed and I did not attempt to scam him.

First of all Im going to show you proof that I traded him the knife

Proof of him inquiring about my knife.

Im then also going to provide paypal screenshots from that day May 28 to prove that I got no payments on that day.

The .35c payment that was sent to me was smaller item from his paypal.

If anyone at all wants me to Join.me proof that I did not indeed recieve a payment, I can easily do that. If I need to add anything to this report please pm me or post on this thread.

You might want to link his profile, put the UID in the title.

Seems legit though!

This.

Other than that the report looks legit.

Do you have any other logs with him possibly over steam?

Sad to see someone in the writer group would do this to you.

Good luck on either getting refunded or this resolved.

You really should do some digging before you go into deals like this.

I posted one it was disregarded because of lack of proof and inexperience by me in the HF community.

Ah, well that's understandable then.

You really should've posted this earlier though really late if you tell me.

You still should've done a UID search on him before hand, look at reputation that he has, etc.

PM me your join.me link and I want to look at something, thanks.

Bumping so other users can see, Dark is a horrible user and should not be a writer

Shermy - August 2, 2014, 4:14 pm

Legit scam report, hope you get this resolved.

Mons - August 2, 2014, 4:26 pm

This is a legit and HQ scam report, OP. Great job!

Good luck with getting this resolved!

Neal Caffrey - May 24, 2015, 5:35 pm

Bumping this because I would like to see a reply from Dark. Don't really care if it's a year old, it's still valid.
