Thread: [Printshare 2.0 - Take and Upload Screenshots \(original credits to ownerx\)](#)

Bicycles - July 31, 2014, 1:15 pm

Hello everyone, today I was pretty bored and decided to create another screenshot application based on [ownerx's original code](#).

This version cleans up his code a lot and uses the Imgur API to upload the images to Imgur. I added a system tray icon (NotifyIcon) and the tool copies to clipboard (and tells you when it does copy to clipboard).
Requires .NET 4.0.

Some pictures (taken with the app):

Nice share, definitely will try it out, most likely tomorrow though.

+Haze - July 31, 2014, 7:11 pm

Thanks, I could learn a thing or two from this source code.

ownerx - August 1, 2014, 1:58 am

Good job, glad to see people learning some stuff from this source :)

:)

Do you think you could do this for videos ? I'm trying to get GIFS of things, and it'd be a lot easier if I can use something like this

Making a GIF is not a problem but i'm not sure if imgur is compatible with gifs.

GIF's are allowed, but there was a size limit for them. I'm fairly sure this is incorrect, but from memory it was either 500kb (Waaay too small) or 5MBs (Touch bit too big for free hosting, that afaik never gets deleted...)

"Is there a maximum file size I can upload?"

The maximum non-animated file size you can upload is 10MB. However, if the image is over 1MB then it will automatically be compressed or resized to 1MB, for better viewing on the net. The maximum animated file size (both GIF and PNG) is 2MB."

I already made this before.

<http://www.mediafire.com/download/l9rn9ac5p973c3u/VB+Screen+Capture.zip>

There you go, includes old upload api and all.

Text Version: <http://pastebin.com/0sqTaqZR>

You're welcome :) no more s pls.

jacktheturtle - March 28, 2015, 7:14 am

Does anyone still have these files, I am trying to get it to work with my website.

Bicycles - March 28, 2015, 6:29 pm

updated the source download link with a zip i found on my old comp, it is the right name and everything so I think it'll work.
