Can I get a vouch copy? I'll leave a full review without leaking anything.

Drizzy?? - August 3, 2014, 9:09 pm

I have PMed you regarding the vouch copy. Thanks.

Hot Cakes - August 3, 2014, 9:11 pm

I'd also love to review this for you friend.

EDIT: Thanks for the vouch copy. My review will be below as stated.

Quality: 9/10

Very nice and seems successful. I can see this method working quite fine as long as you have the proper items that you need to get before you start. That's probably the only difficult part about this guide. I got a little lost in the middle, but I ended up understanding what I must do. Other than that it would seem that this really works. High Quality!

Grammar: 10/10

I don't see any grammar errors at all.

Originality: 10/10

I have not seen this method around anywhere.

Content: 8.5/10

Like I said before it lacks in some parts but he does give you some pictures to help you out, and it's a great guide!

Overall: 9.5/10 ?

Masonobeans has my vouch!

Here is my honest review of this eBook.

Before I get started, everyone must know I am not associated with, nor have I ever spoken with "masonbeans"

-The Method-

My first impression of this eBook is "not another one of these methods..." But, I kept reading the eBook and as soon as I hit the "requirements" section, I knew this is a unique method. Now, I have thought of something similar to this myself, but I can assure you that 98% of people don't know of/never heard of this method. Nonetheless, it was explained in great details and is easy to follow.

-Originality-

As I said above, I have thought of something similar to this, but 98% of people don't know of, or ever heard of this method. So I must say, great minds think alike.

-Length of Method-

This is not one of those eBooks that assume you can earn \$500 or more every day. The title does not lie, though, it can take up to two months to receive the \$300.

-Overall-

I must say, for \$50, this is an easy way to make money. With an initial investment of \$55 total (including cost of the eBook), you can make up to \$150 profit after just two months (maximum). This method can also be repeated as many times as you like, though, you will have to come up with a way to not raise suspicion.

Thanks.

Edit: I will actually be trying this method myself, though, on a smaller scale. I will edit this post with results.

Daddy???????????? - August 3, 2014, 9:52 pm

I have received a vouch copy and here is my honest review of the eBook.

Quality: 9/10

This is a very well written, well thought out eBook. You can see the time put into the eBook and how well detailed it is. The eBook contains 10 Pages and filled information and looks good.

Grammar: 10/10

I didn't notice any Grammar mistakes but like I said about the Quality he has put a lot of time into

this eBook so I think there is no issue with the grammar.

Originality: 9/10

This eBook has a interesting Method in it. It seems credible and I believe it will work but this eBook will take a minimum of 2 weeks or less to benefit, but it's not just gaining \$300 you can self benefit from it or you can make money from it. I don't believe you will make less then \$300 I believe you can make a lot more then \$300 with this method and I believe it works well. So with this method I think it's very original.

Content: 8/10

The Content of this eBook is great as it shows everything you need to do to get started and make money. The eBook is Greyhat and anyone who is buying should understand that before purchasing.

Overall: 9/10

It's a good eBook, and I recommend it to anyone who is a Beginner.

Thanks again masonobeans, for giving me a Vouch copy as I surely enjoyed doing a Review for you and Thanks for the method as I am going to benefit from this.

I am no way affiliated with this product and just doing my honest review of this eBook.

Does the require any SE at all or telling them there is a flaw in the protein powder?

I don't think I would call it SEing as it doesn't really seem like it. And it's not about just getting protein powder you can get a lot of different items/money. Also if you read the thread he said "This is what I most recently got with this method."

FawkesSake - August 3, 2014, 10:11 pm

Any chance I could get a vouch copy? I'll give a detailed review on it!

Sorry all vouch copies are out. I am now accepting sales!

Nope! The only reason I have protein powder on here is because that is what I chose to get with my \$300 :) You can get most anything you want! I also got two pairs of sure headphones and a tablet for my girlfriend! :)

FawkesSake - August 3, 2014, 11:40 pm

Damn that really sucks, please let me know if you change your mind. GLWS!! <3

masonobeans - *August 5, 2014, 10:02 am*

I am still accepting customers! The price will be raised in a week. You are really missing out!

Hidden™ - *August 5, 2014, 10:03 am*

Good luck with sales, this looks like a great method.

milkywaythegodfather - *August 6, 2014, 4:22 pm*

I'm guessing this is about submitting a trade in w/ Amazon, sending nothing, complaining, waiting a month, then they give you the Gift Card?

The item you ship you buy from eBay with tracking.

Pretty sure that's it. glws m8
