You can call a Factory Restore on your laptop if you still have the Recovery partition of your manufacturer on the HDD.

Rufus + Downloading a Windows ISO = No CD install.

If you can't do a recovery that is.

Windows 7 or 8?

Rufus can be found here: <http://rufus.akeo.ie/>

Windows 7 SP1 Iso:

NOTE: You will need a genuine key for this to work and activate it.

The key can generally be found with the box.

It should follow this format xxxxx-xxxxx-xxxxx-xxxxx-xxxxx.
