Yeah its just a getflood probably xmlrpc

Edit: someone exploited the way my site processes images. ill stop the ability to do that soon.

Nigga From Africa - August 6, 2014, 8:56 am

Just wondering are picture only shown once?

it seems whenever i go to a new picture it goes down "Total indexed" but i've seen the same image twice?

Assassins Creed - August 6, 2014, 11:29 am

I guess this is your website?

If it is, why not just make it into an Imgur Randomizer(meaning the images are really 100% random)? There are some out there, but most of them are very simple and/or die very quickly :p

It has more than just imgur that is why. Also what do you mean? They are 100% random.
