Thread: [WHO ARE YOU? \(in school\)](#)

Bicycles - August 7, 2014, 9:42 am

So, title says it all, who do you identify as in school?

Myself, Raver/skate

Ninetales - August 7, 2014, 9:44 am

I'm more of the classy/raver kind of guy.

Programming - August 7, 2014, 9:45 am

I'm a mix of nerd who everyone likes (not fucked with) and the quiet kid. I don't talk to people I don't know unless spoken to.

lala - August 7, 2014, 9:45 am

It depends really.

If I'm In a class with my friends I act a fool..

If not I'm usually quiet until I make friends or aquantances to talk to.

Difference between emo & goth:

Goths like to dress up in gothic style of clothing or simply wear a lot of dark colours.

Emos are more prone to self harm and cannot control their emotions (hence why they're called emotional aka emo).

I was more of the Goth/Emo kid.

Innovation - August 7, 2014, 9:46 am

I'm a guy who always wears a hoodie and only listens but doesn't talk. Everyone loves my fingerdrumming with my Midi Fighter and they know music makes part of me.

Connor Wickham - August 7, 2014, 9:47 am

Have to go with EDM, it's something I'm pretty passionate about.

Heulen - August 7, 2014, 9:47 am

i guess i'm classy.

i don't really have enemy's on school and i just get along with anyone.

I really don't know what else to classify myself as then classy.

suspiciousmacaroni - August 7, 2014, 9:49 am

I would define myself as one of the popular kids in high school. This intrigues me, because I know that popularity within a secondary school system has no value outside of that system. So the fact that I am a part of something I don't entirely agree with is quite interesting.

TL;DR: I'm popular but I don't really want to be.

Edit: Sorry, I didn't see the poll. I am a skater/stoner at school. I thought it was just a personal opinion, I did not realize there was a poll.

Majinferno - August 7, 2014, 9:50 am

Where's the normal kid with an average amount of friends.

Everyone is part of "something" up there, at least a little bit. Normal is not static, normal is relative to other people.

?Monstercat - August 7, 2014, 9:54 am

I'm the weird kid usually. Helps make people want to stay the fuck away from me.

Logically - August 7, 2014, 9:54 am

I'm classy all the times, but, I'm still a stoner...So I'm a classy stoner.

*Who also loves cars/racing.

Blue Moon - August 7, 2014, 9:55 am

A stoner for sure, I'm usually invited to parties because I bring large quantities of weed and my ROOR

CatSoup - August 7, 2014, 9:56 am

I'd probably say that a lot of people think I'm a "stoner", wouldn't say that myself though.

Thomas Jefferson - August 7, 2014, 9:58 am

I was homeschooled in my life so I played the role of myself

I'm more the raver / EDM type. I see I'm not the only one.

Dear Mr. Vernon: We accept the fact that we had to sacrifice a whole Saturday in detention for whatever it was we did wrong. But, we think you're crazy to make us write an essay telling you who we think we are. You see us as you want to see us: in the simplest terms, in the most convenient definitions. But, what we found out is that each one of us is: a brain . . .

Andrew Clark: And an athlete . . .

Allison Reynolds: And a basket case . . .

John Bender: And a criminal.

Brian Johnson: Does that answer your question? Sincerely yours, The Breakfast Club.

Ni??c??k - August 7, 2014, 10:03 am

Guess I'm a jock, I hang out with teammates during lunch and after school and stuff. Not just basketball, but all other athletes.

GrandTheftAutoIV - August 7, 2014, 10:05 am

I hate nearly everyone at school, and I would NOT hesitate to kill almost every single one of them.

Tommy? - August 7, 2014, 10:05 am

I am fairly quiet, I don't speak unless spoken to, but I know how to make people laugh.

CupHead - August 7, 2014, 10:06 am

Classy/Clown - I make everyone laugh.

Jokeh - August 7, 2014, 10:07 am

I was the stoner of my year at school, I would go into school out of this world ahaha

I'm personally an athlete. I wouldn't say jock. I play baseball, basketball, and center snare for my drumline.

Raddify - August 7, 2014, 10:12 am

I'm the nerd, who is friends with mostly everyone and chats.

iKQLY - August 7, 2014, 10:16 am

Classy stoner! Great combo ?

?Jeff ?The ?Killer - August 7, 2014, 10:16 am

I would say I'm more of a quiet jock. I'm known by everyone in my school but I don't like to talk to

them because they're all stupid. Only hang out with friends, gym buddies and basketball team.

PLEAD - August 7, 2014, 11:43 am

I'm the guy who has energy to last 4 days straight. Also doesn't give a fuck. Can roast anyone. Oh, and also has loads of sweg.

Froggy - August 7, 2014, 11:47 am

I'm a pretty weird mix: skater, nerd, raver, classy, preppy, quiet kid, and a girl. I'm not entirely sure why there's an option for girl, though?

Bro? - August 7, 2014, 11:51 am

I would say a mix of: classy & nerd.

Just because i don't really have any enemies, im just cool like.

And then im kind of considered a nerd by everyone at school because mostly everybody else at my school is interested in sports and im really interested in computer stuff.

Example: When i made a simple html website, legit everyone was like "WTF IS THIS MAGIC!".

So i could tell that they were obv noobz

Hustla - August 7, 2014, 11:53 am

I guess you can call me the jock since me and all my friends play sports.

Mi2414 - August 7, 2014, 12:02 pm

Eh i would replace Preppy with class cause i actually look like i have class and not some prep rich kid..

Raver/Preppy/Stoner

Kuso - August 7, 2014, 12:04 pm

You didn't really have a label for me. I was basically a all around type of guy. I did everything and hung out with all the crowds. Ghetto, gays, geeks, gaming nerds, the drama club, skaters, the lot heads, people who fight all the time, etc. I was the guy that like to be around everyone and have a good time lol. But because of that it was hard trying to be there and hang out with everyone sometimes haha

zeroexp - August 7, 2014, 12:08 pm

Quiet kid & Nerd. That's definitely me.

UnplayableHost2 - August 7, 2014, 12:08 pm

Im the skater stoner kid in school smoke weed everyday

InspectorGadget - August 7, 2014, 12:09 pm

I'm a pedo because I shouldn't be at school in my age..

CyberAlien - August 7, 2014, 12:10 pm

I would be EDM/Funny guy in the class. Usually i stay at the end of the class listening on Electro Dance/House Music or playing on my tablet or hosting a LAN minecraft Pocket Edition server and have some pretty funny time playing with my class mates ?

1234567891011121314151617 - August 7, 2014, 12:11 pm

I would probably be the quiet and nerdy kid.

Critical - August 7, 2014, 12:11 pm

I'm the drop-out. I never finished middle school haha.

Tutorial - August 7, 2014, 12:12 pm

You should add Band Kid up to the voting. That's where I am. Not nerdy, as drumline isn't a band nerd.

phantasmagorical - August 7, 2014, 12:13 pm

none of these really fit me that much
i sit on my ass and play wow all day and i'm an intellectual

FA-22 - August 7, 2014, 12:26 pm

Why do you have "girl" as a option OP? As if girls can't be some of those things?

Anyway i'm mostly quiet and stick to my group of friends as everyone else belongs on the faggOt tree.

Sam Winchester - August 7, 2014, 12:32 pm

It's not listed but I'm the guy everyone seeks help from.

OGGG - August 7, 2014, 12:39 pm

Popular/known and semi-stoner, was nerdy once, 4 years ago. Achieved my goal of attaining popularity amongst boys and girls, and proud of what I've achieved haha.

Aceman - August 7, 2014, 12:42 pm

I don't really fit into traditional generalizations. I'm more of a punky stoner nerd I guess?

tdog0403 - August 7, 2014, 12:43 pm

We don't really have social groups at my school; it's a mix.
If I was to classify myself, I would fall under Preppy, Nerd, and Jock,
I'm pretty popular among most of my peers.

Vigor - August 7, 2014, 12:43 pm

I use to be that drug dealer/druggie back in high school also fighter who fought everyone for no reason. and then other things ended up in my life in which I went to prison but oh well.

King Bob - August 7, 2014, 1:38 pm

I'd sadly be "emo", I wear band shirts like Chelsea Grin or Like Moths to Flames, but I wouldn't call myself emo; more like metalhead

When I was in high school, I went through a few phases.

I was "emo" looking my freshman year, and I also smoked so I was classified as a "stoner".
I changed more into a "skater" look, but smoked frequently until my junior year.

Then after that I was kinda bleh. Dressed how I wanted, wasn't really dark or anything. Meh.

Tinhead - August 12, 2014, 1:58 am

When I was in School I was a quiet kid, I missed a lot of school due to a accident so missed out on a lot of the beginning activities that people get use to at the beginning of Comprehensive school (From the UK so a bit different to High School).

While there I was never allowed to do P.E as the school would take the risk of myself hurting myself because of the accident that I had, so people would often try and pick on me, which really never bothered me, as I could stand up for myself. I was in the IT Technicians room when I had P.E and sometimes when I was on break. I only ever talked to the people that I knew.

Since School though a lot of that has changed, I am 25 now and just like getting hammered on the weekend, when I can afford it, and like meeting new people.

Anyone that was my School life I guess.

I hang out with the stoners, but I listen to an odd mix of Music.
Anything From Breath Carolina to Bring Me The Horizon.

I have long curly mop like hair and I'm tall.
I'm good with computers compared to the rest of the fools at school.
Around friend's I'm outspoken and foolish, but when I'm not I'm really quiet and awkward.
I honestly would be tormented a lot, but I'm close friends with the most popular people in school so they stick up for me.

Like think of it like this.

Person is friends with everyone - my best friend

When he hangs out with others he talks to them and I talk to him, they talk to him but not me.
We're all in like the same room. It's well weird.

I don't really care about my social status. I work and get high, I skate too.

At heart, I'm a quiet kid who prefers to be alone than to socialize. Lock me up in a room with people, and I'd rather watch anime than talk to them.

The kids at my school have some of the most idiotic conversations known to man. With topics ranging from how stupid one person's lunch is, to what joke that person's teacher told in class that day.

But, as we all know all too well, being the quiet kid who sits in the corner and talks to no one gets you nowhere.

Although I voted for what I am at heart, in public, I would say I'm a jack of all trades.

I'm able to socialize, laugh, poke fun of, and befriend people because I analyze their interests--what type of jokes they like, topics they often talk about, and even what type of mood they're in for the day. I take all of this into account before I open my mouth. In fact, I've become so used to doing this that it's almost second nature to me. Often times I don't realize that I'm doing it. I laugh at jokes even though they're not really funny, but really the stupidest jokes I've ever heard. I smile when everyone else is smiling, not because I'm happy, but because I know if I didn't, I wouldn't fit in.

Many people think I come off as a klutz. In reality, I act like one so that they don't think I'm a geek. Others think I'm an intellectual being. Others think I'm book smart, rather than street smart. Others think the opposite. Others think I'm amazing at sports. Some don't. Because of this, many feel like they understand me; however, I don't think anyone, not even my parents, really do. To be honest, I don't really think I do either.

One of our teachers assigned us a "Personality Project", a project that makes you talk about you. But which "you" do I talk about? The "you" that the teacher will like? Or the "you" that is the model of the "perfect student", "perfect friend", "perfect listener", or the "perfect boyfriend"?

I know that what I'm saying is probably really negative and shouldn't be done. It isn't all that bad though. At least, I have a wide variety of friends, and am able to socialize with different people at different levels of the evil "popularity" ranking system that each high school imposes on its students.

Online, it's a different story. I try to stay true to who I am. So the thoughts you see posted here are probably the closest answer to "Who are you?" I am a jack of all trades, master of none. I am a person who in reality, conforms to what you like to see in an individual. I am a person who hides my emotions and true feelings away from the rest of the world--underneath the thousands of personas I created.
