Thread: [Let me rap about you \(part two\)](#).

glitchgxd - August 7, 2014, 9:10 pm

So a couple years ago, I had a [let me rap about you](#) thread that was pretty fun while it lasted.

After a week or so, I fell back into a period of inactivity and it was abandoned. So, here's to hoping I have enough motivation to stay moderately active. Oh, and I'm like 20 now, so I know a few more words.

Here's the idea (changing it up a bit from the last thread): You write a rap about me, or talk trash, compliment me, etc; and I will write a rap about you. These will typically be single-verse (four lines), unless I decide to write more. I'm not guaranteeing I'll write about all of you, either. It generally depends on whether you give me enough to go with.

I'll keep a compiled list of responses here, and I'll PM you when/if I make a rap for you.

Im so advanced you'll only see me in a daydream, so futuristic you'll seem me shooting with my eye beams. but it seems you act like a kid whos very buff and a guy who had it ruff but ive finally had enough cause im calling you on your bluff..... You're a bigger joke than your misspelled name, l33ts cant ban them selves so theres no running from the shame. You ignited this flame, when your dad had his came, while screaming a name, man what a damn shame, your raps are the same, if my raps are insane, man just stay in your lane, before i get you a cane... Do i need to say more? Intelligence is my name.

If by needle you mean pen, and the lean is my paper,
I'll agree because then, I could prove I'm a savior.
Messiah with higher fire power and flavor,
Than a diner designer, game changer, Joe Favre.

(Aug 7, 2014 11:20 PM)Yellows Wrote: [\[CITE\]](#) Throw sometimes at me and I'll probably retaliate with a really bad comeback.

Yellows?

That's a colorful name.

Do you play cello for ya fellows and try to stay tame?
Cause I'm tryina find a way to see you playin this game.
But I can't when your rhymin lines that ain't straight.

(Aug 8, 2014 12:30 AM)Atori Wrote: [\[CITE\]](#) Hit me up with a few bars. This seems interesting.

Edit: I have to talk shit apparently. Gtfo hackforums, you're a terrible rapper, I'll shank ur nan at tescos if you don't prove me wrong.. (I'm sorry, I'm fucking terrible at writing raps so that's all the shit talk I got for now :P)

Let me tell you a story, about a former forum-er,
Named Atori, tried to tame a storm, and um.
Let's just say, got distorted poorly.
Left in the rain, pouring fourty degree,
Weather and horribly formed a disease.
That made the bitch bend at the knees.
To make performin oral, their specialty.
Now stay on all fours and try not to compete.

When it comes down to HackForums, this place is my house.
I can crack codes and see the strings that make up your Website,
And I can sneak into databases day or night.
Colonel KR, turn down the bass hard,
It's hurtin your ability to see the radar.
I know I got bars, that hit ya head hard,
But your talkin 'bout a life that ain't start.

(Aug 8, 2014 03:24 PM)Lil Snupe Wrote: [\[CITE\]](#) Count me in, I am the realest rapper.
Your name is wack, and so are you.
Step back, cause your fame is through.
When I attack, I'm gonna aim and shoot,
With lyrical gats packed straight for you.

(Aug 10, 2014 08:20 PM)Wrote: [\[CITE\]](#) I enjoy the puns, but the fun is done.
Like cake, I'll waste you, in a portal and run.
Send you through a forest and turn you to gump.
Put you back in the slums, so you can bitch with the pugs.

(if you are questioning the depth behind that, just take it all apart)
Woah there Raj, Mr Slum Dog dear,
you're cruising straight for a kick up the rare,
it's simple you need to adhere to the words I'm about to drop
everything I say is the bare truth, so lets take it from the top.
Don't crop me out of the picture, I'm hailing down a lyrical rapture
I'm going to capture every priest in your state with departure for your place
What are they going to do when they get to you, one can only assume,
but safe to say very few tell their tales of the priest without a brew or 2,
but this rhyme is getting off track making me seem like a pedophiliac,
so lets get back in place, 1 on 1 face to face, trace me through my IP 127.0.0.1
come on man, my mums got some hot cross buns and for fun we can make Hitler puns

Eenie meanie miny bro, I'm the one your sister chose to blow
Eenie meanie miny oh, I forgot you weren't supposed to know
Eenie meanie miny doh, it seems your sisters quite the hoe
Eenie meanie miny eenie meanie miny mo just call me John Doe

Not once, not twice, but thrice 3 times over I'll have that bitch running for the covers

I'll be like her brother, incestious, molestious a little infectious young lover like no other

You're saying you free style, while typing in keys?

You mean you're either a child or your brain bleeds.

If I could type as fast as I think, I'd leave you in the breeze,

But that'd be unfair, you're already impaired, you can't even see.

Cause if you could you wouldn't have said that or slurred your words,

You'd see that I'm a beast, and retract every verse.
They used to call me extreme, because my vernacular bursts
In spectacular fashion, I bring action in words.
I'm legend in this game, so don't fuck with me man.
Over six years here delivering the grand slams.
You didn't earn this fame, you're nothing more than a fan.
So step back in shame, or I'll turn your name into a life span.

alps - August 5, 2015, 8:24 am

wanna be brave? aight, let the games begin
aint shit changed, im just a slave - tainted in sin
I murder rappers like you for a buzz
The adrenaline rush - crack in my lungs
I turn these drakes and fakes to dust
Shut up bout bussin' your gun
Tell a snake, I'll just butt him and run
turn a man to meat - feed him to my pit bull

if my nine dont put him -
9 foot deep
then the 'chete haffi cut him

you didn't think this would happen
when you took a bite out of my apple
destroyed my garden, now my guns barkin'
paranoid thoughts, spliff sparkin'
Why didnt you heed the warnin'?
you were too busy speakin'
too busy talkin
now your bodys leakin
blood wont stop pourin'
You keep runnin' your mouth boy,
I'ma have to put a cork in
