The girl that's to play Mikasa is hot as fuck.

Going to go ahead and say it, probably going to suck like most live adaptations. Much rather see a live action Akira.

DoubleRainbow - August 7, 2014, 9:35 pm

This will almost 100% be completely awful. I like the show but will not watch this that's for sure.

?Tet? - August 8, 2014, 12:24 am

I don't think they could've found a hotter actress for Mikasa. Not too sure if I like the actor for Levi though I just don't think anyone could really pull off his character.

Not a fan of live action or w/e. I think it'll ruin the legacy of the show.

Anyone remember the death note live action? Yeah, great anime but god the live action was bad. That is pretty much what i am expecting from this (not that the anime was decent, just okay)

Vip?r - August 8, 2014, 1:51 am

All the live actions sucked, hopefully this one can make a difference.

ripmchen - August 8, 2014, 3:26 am

Holy smokes, is this legit? Those titans are pretty good for a car commercial. I hope they don't butcher it like Dragonball evolution

Noctua - August 8, 2014, 12:03 pm

This looks like it could turn out to be awesome, can't wait

Yuuko - August 8, 2014, 12:04 pm

Oh god. This is going to flop hard.

Yes this is legit, if you can read Japanese it says it on the official Attack on Titan website.

OMG I want to see this now.. I'm going to have to look it up when I'm home.

Kouichi - August 29, 2014, 6:40 pm

Brb fapping to the one playing Mikasa.

Lyralei - August 29, 2014, 6:41 pm

These guys really just like to make random live actions - i hope it lives up to its expectations hue.

mark727 - August 30, 2014, 2:20 am

I though that teaser was just an add for a car company, I could be wrong but I thought it was a ploy.

Yea, it's an ad to promote the car and the live action.

mark727 - August 30, 2014, 2:48 am

I think it's just a car add and no more, shame really.

Sorry for the double post I thought this was a different thread, this site is so unfair to new users. I can't delete replys, pm people or create treads.

Well it would be pointless to have titans if it didn't promote attack on Titan.

Plus it gives us an idea of what it's going to look like.

I suppose it would be pointless, none the less it should be great.

MrKoniieTroll - August 30, 2014, 3:23 am

Fingers crossed and hope it's good!

Do you expect to go to your new job and instantly become the fucking CEO? Didn't think so, don't complain.

Sadly this is true, but I am still looking forward to it.
