Thread: [My friend apparently has been coding for 4 years.](#)

Volatile_ - August 8, 2014, 12:27 pm

So today I asked my friend to show me some code of his game, this is what he sends me.

PHP Code

```
<?php
(ballsack ; ballsack- sack = ball
+420 derit0s m8 + ballsack
(00) hax en4ble (ballsack)
        :ballsack.exe))runtime 420
        ;ballsack.avi++) 420 chicken coup f2
(crack_insert_butthole++)
++chicken_ballsack_render--
    retardation_ballsack_footlong
    )for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}
}
Render_420.exe
    System32.winrar.pregnant"(swan ENthusiast)"
        crack.}cheese mania

} cheese.burger_crack.isnotallowed_swag"(cheesecrack)"
    No.mas = 69

    for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
```

```
System.out.println("ballsacksize: " + ballsacksize );
}for(int ballsacksize = 0; ballsacksize < 69; ballsacksize++) {
System.out.println("ballsacksize: " + ballsacksize );
}    for(String s: swagnames) {
System.out.println("Swaggers: " + s);
}for(String s: swagnames) {
System.out.println("Swaggers: " + s);
}
for(String s: swagnames) {
System.out.println("Swaggers: " + s);
```

I think your friend was high on some drug while saying that he coded for 4 years.

I think he really meant that he has been smoking crack for 4 years.

The mental retardation is strong with the threads being posted today.

Your friend is:

- A) A cunt
- B) An idiot
- C) Annoyed with you for asking for code for a GAME

I'm pretty heavily leaning towards B, but C could potentially be true as you seem like the aggravating type.

That sounds like something I'd do when my friend asks me for code.

I believe that should be ordered as C, A, B. ?

This is going to be one awesome game I guess.

I wonder how long it took him to actually change the code to create that hahahaha worth it though
