Thread: [Proof of a multi-accounter / scammer](#)

splunk - August 9, 2014, 2:32 am

Where would I post it? Over at Marketplace discussions (Community Alert) or where? Is there an admin I can PM?

I have sufficient proof.

Thank you!

I am pretty sure Xchnge deals with such issues.

Make a Community Alert in the Marketplace Discussions section, or inform staff with proof that the said person is a multi-accounter.

PM [Xchange](#) with Proof all this!

He is the one that deals with these! Although bear in mind, staff does deal with scam reports.
