I just realized what your avatar was, and even though I'm not gay at all and usually dislike Yaoi, I think that it's kinda cute. don't judge me plz

I am not gay either haha. But you don;t have to be gay to think it's cute.

Male... female... gender based sexual orientation is so outdated and restrictive.

Meh, I'm more of a fan of the whole concept: A demon in love with a vivid soul, so much he'd do anything to protect it even if there was no pact... It's his soul. Sebastian is awesome in all forms.

Grell sutcliff is one of my favorites, idk I just love his personality and how funny he can be.

SavageBoys - August 9, 2014, 7:38 am

Its not season 3, think of it as a part that was left out.

Rinqt - August 9, 2014, 7:39 am

Hahaha yeha i love Grell and the lack of her this season has been so disappointing.

Obli - August 9, 2014, 7:39 am

Also, a spoiler of season 2:

Spoiler ([Click to View](#)) Remember when Ciel turns into a demon? Well they "roam the world until judgement day", they're always on the run to hide the fact that Ciel is a demon.

What keeps going around the world, doesn't stay at one place for too long? A circus.

My guess is that after the end of season 2 they join a circus, possibly this one, or another, but it depends on what happens next.

Rinqt - August 9, 2014, 7:42 am

Spoiler ([Click to View](#)) yeah it's hard to say but will be nice to see what happens in the end. a demonic circus how interesting

SavageBoys - August 9, 2014, 7:50 am

This circus bit is after the curry arc in the manga. No where near the end.

Yes, we know that. But IMO there must be a certain relation with this arc and what happens at the end. I've heard that the manga wasn't done yet, is that true?

SavageBoys - August 9, 2014, 8:30 am

Yes it is ongoing.

Its quite past the last season of the anime.

The problem is that the manga an anime diverged at one point. (Like FMA)
