Glory Boyz is now split into Savage Squad Records headed by Fredo and Glo Gang lead by Keef. You won't hear any artist say they're signed to Glory Boyz anymore because it's not a label anymore.

But glws, keep that work movin'

SD isn't with him because he was tired of being in keef's shadow, fredo will always be with him no matter what aswell with Lil reese because thats his only money source other then selling that dope.

I named it glory boyz because I find that was and always will be the best label out of all the ones they randomly make up.
