Thread: [Purchasing UB3R?](#)

Airstrike - August 12, 2014, 3:14 pm

Hey guys, so I got accepted for UB3R last night, I got 25\$ BTC and I was wondering is there a option to do it with BTC? If I change it to paypal my account will probably close, so IDK how to do this? Thank you for the help HF!?

Can't pay with BTC anymore. Perhaps pay a member to upgrade you? I'm sure most exchangers would.

I will see if I can do that, I have been Stressing all night and today, it's real hard to do this.

Contact this member I'm sure he'll upgrade you for your BTC, plus he is a trusted exchanger:

If you deal with someone else you take the risk of them doing a chargeback and your account will be closed.

I'll see, if I get my own PP I will get limited like the others.

Have a member do it for you, as I'm getting a member to do my L33T.

Your best bet is most likely to do an exchange with a trusted member then purchase Ub3R.

Send your BTC to someone trusted and he shall upgrade you.

If you cant find anyone I might be able to do this in couple days.

Make a fresh PayPal account specifically for the exchange and Ub3R purchase. Or pay someone in BTC to upgrade your account for you. First method won't get the new account limited, second method you won't even have to deal with PP yourself.

I'm pretty sure you can just pay a guy with BTC to upgrade you. Be careful about who you choose, though.

I can do this for you if you'd like. Let me know.

You can just find someone who would do it for you, but be sure that he is legit otherwise you might lose BTC and your account WILL BE CLOSED.

That is why I said you give him BTC and he buys your upgrade, I didn't say get your own PP.
