Thread: [Production Company Logo Request](#)

chucky247 - August 13, 2014, 8:28 pm

So I am taking an audio production class at the moment and my teacher made us come up with a company name and wanted someone In the class to come up with a logo That he talked about If it was good enough printing off and putting on shirts for our class The class is an audio production class and The Logo just needs to be MnM to be honest I don't like the name it wasn't my choice I don't even remember what it really stands for its like

Money something Money -.-

But on the logo I just want it to simply say mnm or maybe MnM productions I am not one for making graphic designs but I know there are some really talented people on here Who im sure could make some Amazing designs

If someone can make me one and my class does end up using it i will take pictures and make sure to pm and show you your logo on the wall or maybe if its so nice that he actually decides to print it on Tshirt I will let you know and maybe we can work something out so you can get one as well if you want it.

That is pretty much it like as far as what you want to do for the design that is up to you If I get multiple People to Create Designs I will make another thread with a vote poll for witch one i should use unless one just obviously is way better than the other.

Good luck with the designs and if you make it feel free to either pm me or post it here. Ill be checking on this thread daily so try to keep it active today is 8/13/14 and i need The logo absolutely no later than the 19th the vote thread will be posted on the 20th and i will bring the design into the class on the 21st

my hat is off to anyone who even attempts this ?

I really hate that this has 28 views and 0 replies so far :/ i will continue to check this forums activity over the next few days. Please help me out guys i know some of you can
