Thread: [Beginner Kik E-Whoring Tutorial! \(with FREE E-Whore pack\)](#)

OverRatedProgrammer - August 13, 2014, 10:37 pm

Ok guys so here's a Beginner E-Whoring tutorial using Kik.

Remeber:

This is for educational purposes ONLY.

Useful/starter pack download [here](#).

Installation walk through/setup

1) First off your going to need [Bluestacks](#).

Go ahead and download that and run the installer.

2) Next, start Bluestacks.

3) Once on bluestacks, your going to need to sign into a google account. (Just make a scrap one)

4) After that, click search.

5) Then search for Kik, and click "Search Play for Kik"

Then search for Fake Camera; and ES File Explorer the same way you did for Kik.

6) Once you installed those, go ahead into Kik and create an account. Make it look like your a girl.

7) Goto KikFriend.com, and click on "Submit a listing"

8) Then, enter in your kik username and say something along the lines of "Lookin for some cute boys to chat with (kiss)"

9) You will get about 50 new chats on a good day.

How to E-Whore them

1) Chat with them

2) Send them teasers of you (Ex. "How do you like my new bathing suit" with a pic)

To do this, click on the camera button, then click on Fake Camera, then search windows and select a picture from the E-Whore pack. It will say it was sent from a camera.

3) Talk dirty to them

4) Don't send previews

- 5) Say your selling your nudes but say it something like this "u can c more but.. im not free bae ;)"
- 6) Make a [paypal](#).
- 7) Give him your paypal email and ask for the money
- 8) Once you get the money, send him the nudes
- 9) Move on to the next victim ;)

I hope this helped some beginners who are looking to get into E-Whoring!

Thanks very easy to use nice tut. I'm sure others will find this useful!

Edit: one of the pics has an actual digital camera that might blow the cover if you are using a mobile app.

skuar - August 14, 2014, 6:06 am

how i can send a picture pack? kik don't accept .rar right?

shadowc - August 14, 2014, 6:24 am

The pictures don't work because [img] tags are disabled in this part of the forum. And to answer the question about sending pics, either upload it somewhere and give them the link or ask for their email and send it there, hope I helped? and I'll check this out and give it a try soon, thanks for the effort?

Regulus - August 14, 2014, 6:30 am

Even though this method is pretty saturated it still works like a charm and i'm still making plenty of money doing this :)

Great share :)

Astr0J3su5 - August 14, 2014, 6:58 am

Great tutorial! Very simplistic and easy to understand for a beginner.

Amylic - August 14, 2014, 8:34 am

Thanks a lot for this! :) I didn't even know what ewhoring was, lol I'll have to try this some time.

Francis J. Underwood - August 14, 2014, 9:29 am

Eh. Thread could be formatted better. Besides that, OverRated knows what he is doing and has experience with e-Whoring. Vouch!

Download a program called winrar and extract it to somewhere on your computer. Inside will be pictures.

water_poopies - August 14, 2014, 11:52 am

Oh and edit : I agree with the above post , Asking directly is no good. gotta 'lure' them or basically make them think it is their idea .

I hate that this method gets more saturated because people keep posting guide on this just to get reps or making themselves look good.

Well, look, you just made this method more saturated. Thank you.

I don't care about rep and I'm DEFINITELY not charging people for this. Just trying to help beginners out. Also to anyone asking about if the E-Whore pack is saturated, well, I'm not going to give a free GOOD E-Whore pack.

Rask0 - August 14, 2014, 6:34 pm

Vouch. Am I allowed to vouch? I don't know but I just made \$30usd and \$50 victoria's secret gift card. In about 30 minutes. I'd say that's pretty vouch worthy tbh.
