I bought lots of Bitcoins with the money I made from cryptos. Nothing else has been bought this summer besides some Riot points.

Dropped 19k on a 2006 chevy 2500 duramax. Then payed 500 fot injectors, thousand for efi live, 500 for someone to install and tune the tuner(cause i know nothing about truck computer codes) nitto mud grips, and some sick 5 star wheels. Then light tint, light bar and 6 inch lift kit. All in all spent close to 35 to 45k.

E?INEM - August 14, 2014, 8:06 pm

Well, I bought 5 tickets to vancouver.

One for me, One for my GF, and 3 for my cousins to come along.

Then I put aside 6,000\$ for vancouver..

Then I put 23,000\$ into a savings account for my car im getting.

Then I bought a PS4, a new monitor, another 780 ti classified, a surface pro 3, samsung galaxy tab and now im just chilling waiting to hop on the plane in the next upcoming days.

You see, out of my friends, I made it so far ;)

I also bought about 3,000\$ worth of weed and about 2,000\$ of vodka.. :| I probably drink about 300\$ of Vodka to myself every week because I need to cope with my shitty life.

Sure I have everything I want, But when you realize that you don't know what to do with the rest of your life, You start to shit on yourself
