Thread: [\[Skype Group\] Unofficial HF Skype Ewhore Chat \[Skype Group\]](#)

Federal Agent - August 14, 2014, 5:19 pm

Hi guys, I am starting an Ewhore Skype Chat Group. I am motivated to start this group because many of my friends over skype request me to create this. This group ranges from beginner Ewhorers to Experienced Gods. In this group we share our methods of ewhoring and form a community to learn from each other.

Benefits of this group:

- Learn basic skills of ewhoring.
- Share different methods of ewhoring.
- Share different niches where the big fishes are hanging out.
- Live join.me stream by me or other members.
- Special vcw, pic packs, pp, ewhore ebooks and other unsaturated items giveaways.
- Most of all, you will always get a person in the group that are willing to help you with ewhoring.

T.O.S

1. No spamming the chat.
2. No extensive argument against each other.
3. Don't act like a skid. Be profesional.
4. Keep the off topic chat to a minimum.

Over violation of these rules will result in permanent ban.

How To Join:

If you are interested in joining this chat group, please comment your skype below or shoot me a pm of your skype. Also please don't over criticize my grammar or English, as this content is written in a short amount of time during my vacation.

That's nice, you've been hovering this thread for weeks quoting "Gods" which I haven't personally seen referenced by anyone other than you and it's annoying as hell; if you don't like the group or what the OP is doing for the community then take your jealous massive ego out of this thread.

Question, do you consider yourself a God?
