I think I should be upgraded to l33t because I always post HQ posts, I dont post short things like "Cool story bro" I dont really flame people on here, Im always doing my best to help people out of here. My main skill set is Montetizing so I often tell people via PM how to do it and how to do it better. Anyway I hope you choose to upgrade me I would really be thankful if you did ?

?c?d - August 15, 2014, 11:46 am

Well I haven't really done much for the community except click some links they gave me :(But I'm an overall chill person who's never had any type of problems with anyone.

Alright everyone, thank you for the entities and you can sill submit! I would like to state that it'd be much easier if you can post the threads which you think you have done a great job at. I will NOT be picking a member randomly. I will be picking then by looking at the rep, the application (a good and long one increases your chances) and the vouches they recieve.

The Just Conman - August 15, 2014, 2:30 pm

You should choose a member randomly. Don't think I have a chance otherwise.

The reason why i should get ub3r.

I been contributing tons of tuts to the High quality hf community. And been helping several members in the hf community. A few Examples of tuts I have created.

1. bypass mobile security on facebook

<https://hackforums.net/showthread.php?tid=4057838>

2. facebook trick to mass post on people's walls without them finding out you did it and they can't block it either.

<https://hackforums.net/showthread.php?tid=4276920>

3. Facebook redirect vulnerability

<https://hackforums.net/showthread.php?tid=4005910>

4. Facebook destroy timeline and crash mobile users (patched)

5. Upload gifs into facebook (2014)

<https://hackforums.net/showthread.php?tid=4010480>

6. Facebook people to log off of facebook

10. Aug 2014 -> post gifs on profile on facebook
<https://hackforums.net/showthread.php?tid=4380533>

and several members on hf have verified these tuts worked on the thread upon releasing them.

I have helped some members via skype when they were lost. On hf almost every day trying to see if I can learn something new. I never tried to scam anyone etc. And it would be really awesome if you selected me to win ub3r (which i got accepted already).

What will I do with ub3r -> insert +3s for people who deserve it.

Stealth V2 - August 15, 2014, 9:08 pm

I've recently just joined the forums of Hack Forums and so far am loving the forums however I cannot access all features. If I simply had the \$20 to upgrade I would do it in a heart beat and not even wait. I'm loving the community just by the looks of it, and haven't even had the chance to post a lot. These forums are going to need a lot of work, from me if I want to stay active and High Quality. Now from the looks of it you might just see me as an new member that just leeches around the forum, well yes. I can assure you I'm not just some new member looking for free money, I'm looking to actually put my work into the forums and helping others and possibly learning a few new things.

This upgrade would probably make my life, as I would be very happy. I'm positive I won't win cause I have horrible feedback but I hope I qualify for this contest. Hack Forums has such a great community although I want to access all features of the forum so I can complete my goal of growing through out the community and setting my name out there. I would love to win this upgrade because it could help me out so much, I currently cannot afford the upgrade that's simply why I'm applying for this. I would like to personally thank you for this giveaway, and good luck to all.

I will continue to update this thread daily once I've posted more, and I'll post daily threads that can help out the community.

Once again this will really help out my reputation around here, and help myself get known I mean most people don't make it, but I'm going to be putting in all my work & effort into this forum. I really think I have the potential to gain much knowledge from users on the forum, and actually help out others. Being L33T means a lot to me, as it may not from other people but to me it does; so if I were to win this I would greatly appreciate it, I hope this giveaway does well and have a wonderful evening.

Hi, i've been a member for some years, i've always tried to help people with their problems in what i can, mostly .Net section, Lounge, Pm's and such, i've never done any giveaways but i'm working on plugins for a tool sold here, and working on some projects i may share in the future too.

I would also enjoy the new L33t color (:D) and the L33t forums (who wouldn't?...) anyway, i'm an active member and i help people in what i can.

Thanks for the contest, hope i got a chance.

BitCodex - August 16, 2014, 9:37 am

There are probably others more deserving than me here but if I don't try then I may have regrets.

You never know what will happen until you try so here I am! If you take a look at my posts you will see that all of them have been rather high quality. I haven't made many threads but I try to help out where possible and I have done well for my very short time being here. In fact, I have more posts already than many members who have been here for a much longer time than me. Most get 25

posts and stop for a while since that is the requirement for sending a pm. However, I have been contributing to any topic that I find interesting or to topics where I may prove useful/helpful. If you were to upgrade me then I would continue to do what I have been doing along with taking the time to write up a few tutorials when I have time. Of course if you don't upgrade me I will still eventually get them written but i feel that if I'm upgraded I would be more motivated to do good in this community. I'd also be able to give those rep where rep is due.

Thank you for taking the time to read through these posts and read my 'application'. I also thank you for hosting this contest as it is greatly appreciated.

Good luck to all who participate!

Hi! I'd love to join this.

I help many people, and when I see someone that has a problem or needs someone to discuss it with, I share my feelings with him and let him know how things are on my end.

I feel that way we're both on the same page, and he knows that he has me as his back.

Nonetheless I've helped around to many people :).

Thanks for hosting and reading! :)

Applying for L33T

Hi Pathegon, before I start and tell you about why I deserve L33T I want to thank you for hosting this giveaway and giving a chance to everybody for upgrading.

Contributions to the forum

Ok so first it's this giveaway [[here](#)] that I started when I saw other people helping the community so I thought that I can do that too.

My second giveaway was a list full of sites that offered free steam games. Unfortunately my thread was deleted but my rep should prove that I'm not lying about it.

My third giveaway can be found [here](#), it is a youtube views/likes giveaway.

Other contributions:

- I gave a lot of netflix and spotify accounts (through PM to members that wanted)
- I offered 3 members free web-hosting
- I try to be as helpful as I could with all the members

Why I deserve L33T?

I think I should be L33T because I tried since I first signed up in this community to be as HQ as I could. First when you see that I have 100 posts you probably think that I don't care about this forum and it's just a place to waste my time but each of the post I make I try to be as HQ as I can. In my time spend here I try to make everyone happy, whenever I get a PM from an user that is asking for help I don't hesitate to answer him. Also I hosted some giveaways that really helped a lot of people, I gave about 500 likes on facebook/youtube and about 200 subscribers in total on one single giveaway. About my language I never cursed any members and I try to have a good grammar even if my native language isn't english.

With this being said I hope you can be my early santa.

Good luck everyone and thanks again for hosting this contest.

Zylicx - August 17, 2014, 12:24 pm

Introduction: I don't have a lot of contribution threads made but from time to time I will try and write HQ threads as I did on other forums. In every forum that I've joined, I always loved to write articles and tutorials for it. I can provide a lot of informative and helpful threads for the forum. If I get accepted, I will always stay dedicated. I have many skills and many of benefits I can bring towards the site. This site contains highest contributed members and I want to be a part of them. If you were wondering how old I am, I can tell you I am old enough. I dearly do hope you read through this whole application as I spent my time on it. I think that I should get accepted over the other applicants purely because of the fact that I like to consider myself as a HQ member who likes to offer people help with whatever questions or queries they have with pretty much anything. I would mainly like to get accepted because I would like to help out fellow members and also help out HF aswell . Possibly one of my last reasons as to why I should get upgraded over anyone else is because of the fact that I am always willing to learn or mentor other members for no price whatsoever. Overall, I think that I would be a valuable asset.

Why should I become L33T: I am always willing and try to help the fellow members and posters.

Never flame, troll, provoke or argue unnecessarily with others. Tend to keep a mature and calm behavior. Never post a rude reply or talk rudely with others, either in forums or in messaging.

Never post unnecessarily, only post when i think i can contribute to the thread and that too in a

High Quality manner. Am always reporting bad, useless and other threads that violate the HF rules and TOS in any way. I always want to see HF clean and thriving.

I am always supporting other users, no matter new or old, if i think I can help them in any manner.

Hey man I wouls love to be upgraded, I have joined about 4-5 months ago but I have spent A LOT of time in hf.

I have helping many members in the lol section and have givena away a few skin codes.

I am on the forums everyday and reply to many threads, even create some myself.

It would be awesome to be upgraded because I know I will spend a lot of time on hf and it will become useful in the future.

Many members just come here once a whilw but I can guarantee that I am on everyday and always will be.

Vouch for this nigga, he is an HQ & legit member.

-Google- - August 19, 2014, 6:28 am

I think i deserve to be upgraded from normal to L33T as i have helped people out a lot from people needing a little bit advice to someone or a group needing a piece of graphics done for them in a very short amount of time. Iv'e also gave stuff away maybe not the same thing as you are but stuff that is involved in the graphics community which is a amazing forum and for me to do graphics work for some of these people it is a pleasure it really is, So they are the real reason i think i should be upgraded.

BTW Your Facebook Thing is amazing ;)

Blue Shadow - August 19, 2014, 8:58 am

Honestly, I am working on a few ebooks but really I'm just sick of my username

topastop - August 19, 2014, 10:11 am

Hello!

I think that I deserve to be upgraded because I have been a HQ member to the community. Why I say this you are asking? Well, besides making a huge thread with a guide to clean your PC from viruses and besides making HQ posts I also made OMC giveaways and organized a contest with Ray.

I wish to be upgraded because I can gain access to the VIP area, have a larger PM size, organize contests by myself, become more trusted and, most importantly, be more involved with the community.

The ability and responsability to give rep to members is also important because I can use it as a way to encourage positive behaviors around the forum and discourage negative behaviors as well.

Please understand this: By upgrading me, you are not simply just upgrading a member. You are

investing in me and by investing in me you are investing in the hole community due to my quality posts and giveaways. Becoming a L33t is not simply a reward, is a very big incentive to me to keep going and become even more HQ.

Thank you for the contest.

Vouch for this user. I've been talking to him and he is indeed helpful, and while I may not know how much the remaining contestants deserve to win, I still believe he's one of the contestants who deserves to win the most.

dezatino - August 19, 2014, 12:05 pm

6 pages and I come here to try my chances hehe I must be crazy

Anyway, I'm not going to say that I'm a huge HQQQQQQ member I'm a chill person that hangs around in the GFX free section so I don't really ask for anything besides the user gets satisfied with my work in the end.

The reason why I would like I33t is that I want to start making reviews since I really like to read/write and I have free time since I've become unemployed last month, sux for me :p anyway Getting I33t will help me become more trustworthy in my reviews and since I'm not really friends with

anyone here on HF that i know of my reviews will be 100% honest :)

Not much , I'm no anonym000s hacker that is creating a legion, just a normal guy hanging around here lolol

Cheers

cicko - August 19, 2014, 12:24 pm

Please count me in for this upgrade...if this contest is still open...

OpenWave - August 20, 2014, 12:11 am

I am going to contribute my hacked client Curium sooner or later. I have one negative reputation, but it makes literally no sense and is from Truthly Godz. Hopefully i'm allowed to enter this contest! Good luck to all others.

ALSO: I got another from a guy named Schwalbe or something. He is stupid, though, read the conversation on the link on my signature.
