What makes you think i deserve Ub3r?

Well, i have been as active as i can over the past months and i always try to be HQ. I always try to help other members out, i always try to teach people what i can and, whenever i can. i love to give back to this huge community. To tell the truth, i really like this forum, and i just can't spend a day without visiting it. Besides all of this, whenever i can, i try to be the most responsive and helpful person that i can, since i know that to fight the LQ, one must be HQ+.

What have you done for the community?

Ever since i started being more active, i started to do more and more things for the hack forum community. i have a thread that tells members how to get free btc a very easy way to get btc. you can check that thread out here; <https://hackforums.net/showthread.php?tid=4385652>. i also have

Lots of people like the btc method as well.

I know its maybe few things, but i try my best to give back to this awesome community as much as i can. I try hard every day in order to help out people, but i can't giveaway money because atm i am not able to do that. im always thinking of ways of giving back to the community, and i wont stop now , or ever.

Final Thoughts?

i would like to Thank You from the bottom of my heart for being HQ as you are, and i would like to wish all of the entries good luck, and if you win, please wear that colour with proud :)

-RGH/JTAG help in the jtag section

-Help people get their 50's on halo 3 for free on HF.

-Give people free exp on halo 3 on HF

-I will soon be hosting free lobbies on MW2 and MW3 for HF

- I will soon start hosting black ops 1 and black ops 2 modded zombies lobbies for free for upgraded members because they are super fun to play in.

Why I should be UB3R I think I should be UB3R because I do many services (free and paid) which help a lot of people out. When I am UB3R it will also help with my shop so I can edit the thread whenever I can to notify people if I am available or not available to do recovery's. I also would love to be able reward people with rep when they are helpful to me or other members. I also want to be able to leave rep on scammers to stop them from scamming other members. Hack forums has taught me and helped me in many ways. I have gained a lot of knowledge in jtags/rgh's. I also learned many things about rats and keyloggers. I would like to give back to hackforums and get

UB3R but I do not have much money. My recovery service isn't to make profit, but it is too help the community. All the money from my recovery service goes back to buying kvs to do more recovery's. I will be using this upgrade to help me and the community. Thanks for reading my application and I hope you accept me.?

I would also like to say thank you for hosting this giveaway. I have seen many contests for being upgraded and some of them have been fake. Your one legit guy and I would like to say thank you again. Good luck to all who posted applications and I hope you guys get accepted too.

omfgomfg's application

1. Meet up to all requirements (and the 1 so called "scam report" i ever had against me was cause i had opened a scam report against him, he later got banned and repfucked and found guilty so it doesent really count)

2. What have I done for the forums?

I have shared plenty of different accounts to people requesting it in the VIP area for free ofc. And i am planning to open a "free selling netflix accounts" shop in the forum once im ub3r. Will be a selling netflix account for a simple "thank you" as i want to help the community more.

I have gotten 2 scammers repfucked and banned (check my scam reports on both of them)

I have helped several people and will continue to help as much as i can (if i know what its about, such as setting up a rat etc)

I will do many more things for the community :)

And i will +3 you of course ;) hehe

Here is my proof:

SIM-2015410 - August 15, 2014, 6:19 pm

The reason why i should get ub3r.

I been contributing tons of tuts to the High quality hf community. And been helping several members in the hf community. A few Examples of tuts I have created.

1. bypass mobile security on facebook

<https://hackforums.net/showthread.php?tid=4057838>

2. facebook trick to mass post on people's walls without them finding out you did it and they can't block it either.

<https://hackforums.net/showthread.php?tid=4276920>

3. Facebook redirect vulnerability

<https://hackforums.net/showthread.php?tid=4005910>

4. Facebook destroy timeline and crash mobile users (patched)

<https://hackforums.net/showthread.php?tid=4056089>

5. Upload gifs into facebook (2014)

<https://hackforums.net/showthread.php?tid=4010480>

6. Facebook people to log off of facebook

<https://hackforums.net/showthread.php?tid=4016056>

7. Facebook crash other people's timelines

<https://hackforums.net/showthread.php?tid=4050298>

8. adding a picture to a facebook post

<https://hackforums.net/showthread.php?tid=4023064>

9. Host files on facebook

<https://hackforums.net/showthread.php?tid=4015679>

10. Aug 2014 -> post gifs on profile on facebook

<https://hackforums.net/showthread.php?tid=4380533>

and several members on hf have verified these tuts worked on the thread upon releasing them.

I have helped some members via skype when they were lost. On hf almost every day trying to see if I can learn something new. I never tried to scam anyone etc. And it would be really awesome if you selected me to win ub3r (which i got accepted already).

What will I do with ub3r -> insert +3s for people who deserve it.

-Why do I deserve this UB3R upgrade?-

First off all, I'm always trying to be as HQ as I can and never scam/troll/flame or piss anyone off. I'm member since October 2013 which is almost 1 Year now. About 3 weeks ago someone wanted to upgrade me to L33T, which turned out he was a scammer and just wanted me to wear his signature. So I upgraded myself which I'm still happy about. I could finnaly post in the L33T section and give Rep to those who deserve it and edit my posts/threads anytime.

-What contributions have I made-

I always try to stay as HQ as I can, which means that:

-I try to type as correct as possible

-Answer qeustions if I know the answers

-Not scam/troll/flame or hate/piss anyone off.

-Help everyone, which includes not upgraded members

Rs3 Giveaway - [Here](#)

Rs3 Guide for QBD - [Here](#)

huge HackerCraft giveaway - [Here](#)

I've sold in total 3 HackerCraft awards for a decent price.

-What will I do with UB3R-

I'll be able to enter the UB3R section and participate with UB3R only giveaways. Be more trustable in my RsGP shop, and be able to see others warnings points + what they did wrong. And I'll receive my first award! Which will look pretty cool in my opinion. ?

would contribute more to the community. I love this community and maybe I would become more known and trusted with being ub3r member. Since 2013 I have been more and more known. Now I got 600+ posts and 44 reputation.

I wish you all good luck with this contest and have a great day!

R I U - August 17, 2014, 7:10 am

I would like to be L33T for a couple of reasons. L33t members get a couple of privileges here on HackForums that I would really like to have. Also, upgraded members seem to have a sort of.. slightly more 'respected' aura about them, and I would really love to join that, as I feel that I've been at least mid-quality in my most-of-the-time daily posts, and deserve a small share of that respect.

Hey, thanks for this awesome contest.

Proof I have been accepted:

Spoiler ([Click to View](#))

Why I think I deserve UB3R:

Since joining Hack Forums in April 2014, I have did 3 giveaways/contests, including a 0.01 BTC contest, 1000 OMC contest, FIFA Duplication Method giveaway. I feel I have given a lot to the HF community and hope to continue with this. I also have been semi-successful on the marketplace earning around \$120 through selling my e-whoring method and also through selling my GFX services. Both of these received a lot of vouches. I also got invited to Nexus (now L'appel du vide) which shows that I must be a HQ member of these forums to actually be invited.

Why I want UB3R:

It will allow me to do more giveaways as I will no longer have to save up for UB3R.

I will finally be able to sell NFA in the marketplace which I have wanted to do for a while now.

Lastly, the blue name looks pretty sick.

Just also I would like to say a big thanks to OP for hosting this contest and allowing me to enter! ?
