Damn you, those were some bad ass backgrounds!

I did the survey, and I got the list of wallpapers.

Sadly, the one I wanted was actually the whole wallpaper itself. I was hoping you just made a collage of the wallpapers and it wasn't the wallpaper itself.
?

So... I have the wallpapers.

Anyways, I found the one I wanted on a different website.

Has other good ones too.

Those are really cool, but they aren't very high-res. Is there somewhere I can download bigger ones?
