Bigger, better, and more Bitcoins!

Earn 6-10\$ in BTC per day + 10-20% from people you invite | Tested and legit

You are also welcome to read more information about this by visiting the following url:

So, there is this site that pays for clicking btc related advertisements. It is something similar to probux but it pays much more and it is more fun because you just get payed more.

I'll give it a try, so I've signed up under your ref link, thanks for the share and I'll post any payout proof assuming I get that far.

I will use your referral link too, but take care about referrals in this section ;)

Good luck getting 10 dollars a day with this lol

Dylan25079 - August 17, 2014, 4:10 pm

The minimum cashout, converted to USD is only 8 cents, you will NOT earn \$10/Day with this

lol, I spotted that right away. It's a shame these sites don't pay more but they're designed to make the owners a killing, not the guys who use the sites.

I done 6 ads which was all I could click until I "check back later" not even earning enough to cash out. I made 0.01252 mate. You cannot make 10 bucks a day unless you make maybe 100 different accounts more. Unless I'm missing something lol
