Thread: [Can't put flash files to ripped templatemonster HTML template](#)

d'n'b - August 17, 2014, 9:53 am

I ripped this template but I am finding it difficult to put the flash files to see it on my site. Please help.
Template download link, see if you can help me. I will be very thankful to you.

Hello Guys,

Post website url instead of a Download link, that no one will download.
Show us a demo of the template so we know what flash files you are talking about.
A virusscan maybe?

<http://www.templatemonster.com/website-templates/38972.html> is the template

<http://www.revhighperformance.com/home/index-2.html> is the website we are trying to make.
