Vouch for panda!!! HQ website, even though the music may suck! :)

.wizard - August 17, 2014, 1:27 pm

Well, that was cool. Vouch from me.

Death_Wish - August 17, 2014, 1:34 pm

Seems like the Oday exploit has a few glitches, might want to look into it.

?Original ?Panda - August 17, 2014, 1:39 pm

Thanks for tipping! will look into it.. will be back up soon.

Greetings Panda.

Fix the resolver/API, and for the music if your gonna do some 1c1 width/height.

Atleast use some play/pause button.

?Original ?Panda - August 17, 2014, 2:00 pm

Removed the music... And, There is no problem with the resolver m8?

PaddalsAFaggot - August 17, 2014, 2:05 pm

I think you should code your own isitup, not use iframe to source.

Rote - August 17, 2014, 2:48 pm

Bookmarked this site, thanks for offering this for free.Very clean design I like it.

AlphaIndustries - August 17, 2014, 2:53 pm

Source by: www.resolver.in

download link: dl.resolver.in/sample.zip

he uses their api too,

not really hard to make :p

cheers

eight - August 17, 2014, 4:44 pm

Does this mean I can finally be legion?

Surpass - August 17, 2014, 4:54 pm

Did the site literally just get defaced?

?Original ?Panda - August 17, 2014, 6:00 pm

no it didnt, but by some skids who ddosing my site with a simple xml rpc attack you see the old page what was on ut ;p

ill get it on a new server tomorrow. some please be patient

panda.
