Thread: [Old animation from 90s](#)

buzinaro - August 19, 2014, 9:56 am

im looking for old animation from 90s...the main characters fights with music or musical notes I remember one of the heroes his name was something like Soul key or Sol...if somebody remember this animation please tell me the name.

ZYZZ BRAHHH - August 20, 2014, 12:23 am

Samurai X, Yu Yu Hakusho I think I spelled it correctly and these are old anime. You should consider watching some of the anime EPIXIA listed above.

buzinaro - August 21, 2014, 11:34 am

Epixia I love Ghost in the shell...watch it many times....also my favorite is Vexille...the new Appleseed disappoint me...good graphic in hd quality but the story was cheap...anyway thanks for the comment but this what i search is some funky jazzy animation...not anime...

What's GIS about? I've seen it on Toonami but I instantly turn the channel because it reminds me of that terrible Symbiotic Titan show.

Yea, I'll check it out if it still comes on. If not, I'll watch it online.
