Thread: [Best place to buy Roshe Runs?](#)

.Reef - August 19, 2014, 2:17 pm

I'm looking to buy a pair of Roshe Runs, but can never find good looking ones. I wear semi bright colors all the time so I would not want bright ones. I'm thinking black with white swoosh.

Where do you guys buy your roshe runs?

If you're going to buy overpriced shoes, might as well go with Nike iD and make them super overpriced.

They are 40\$ on most sites.

And sorry, yes i'm buying them for looks. Sorry I care about my appearance and i'm not going to buy Asics.

I didn't ask for criticism on the shoes I want. Thanks.

Are these 100% real? 30 dollars is a pretty steep discount.

I'm going to buy a pair and I'll let you all know how they go

DarkButBright - August 21, 2014, 7:03 pm

- 1.The price is too good to be true
- 2.I got mine locally for \$30 (Toronto). I want more too!
- 3.Aliexpress is extremely cheesy I would stay away from there as it's Chinese based and alot of the items are replica
- 4.I haven't researched the shoe or anything but this doesn't seem legit

Thanks let me know the result I want to cop a pair if this is real!

My advice OP shop locally for shoes so you know what your getting or pay more for trusted sites (Foot locker, Champs, and Finish line).Don't buy for extremely cheap prices unless you know what your getting and buy locally its alot cheaper.Use 6pm there also good, got many shoes from them and had no regrets.If you do get them please tell us where you did.I might get a next pair if its a good deal.Maybe ebay.Good luck!!Roshe runs are nice but they rip after a while hence the price.
