Thread: [RIP 'Snorlax - Thank you for your time here..](#)

'Psyduck - August 21, 2014, 9:10 am

Hello!

So I don't know where this thread kind of "fit" in which section.

But I just saw Snorlax being banned and repfucked, also his posts removed. He was a great friend, such an inspirational. I want to thank him for the FIVE years on HF. He has done so much for this community.

His userscripts for example. I think he deserve some recognition.

Thank you for your time Snorlax, I don't know if you are coming back.
But if you do, it would be great.

Anyways.. RIP Snorlax.. Gonna miss you bro..

kind regards,

'Psyduck

PS: I am not related to him in real life, I am just his friend on HF. :)

Grin - August 21, 2014, 9:12 am

He vacation banned himself.

Everyone comes back, eventually.

I feel bad for him, hopefully he comes back.

Well, something obviously happened we don't know about.

Hopefully he returns, always a shame to see a high quality member like him go.

This thread is going to be filled with responses that would make a hobbit cringe.

Exiting thread.

He didn't get RF'd, maybe if you read the TXT you'd know.

Why are you guys making a huge fuss over Snorlax? You guys should learn to mind your business.

I just read it, sucks for him but he's bitching about it way too much. Maybe thats the reason Omni got mad?

Something tells me that the txt doesn't include the whole story.

RelationShit - August 21, 2014, 9:24 am

5 years I believe.

Also, he banned himself. 6months.

He was still banned from posting only though I believe. Not sure about signature usage.

Btw, he's actually been here for 5 years, not 4

This is what snorlax has in his usertitle;
'Snorlax Wrote:Cya, friends

Omniscient removed two awards as I requested, but also removed two more I had donated for. Two I cared about.

Then I got mad at him, and he got mad as well. As a result, I got a total of 52-54 awards (idk how many).

After a while I got a PM saying "On a scale of 1-10 with 10 being the worst. How much do you want me to fuck over your account? Because it's coming. It's the price you pay for your bullshit."

I replied asking "Wait. What did I do now?" and he instantly banned my account for like a month. I later discovered my account would get closed after the ban.

A few days later I got unbanned and everything was normal. Then a few hours later, I got these two messages on my screen:

Your posting privileges are suspended until September 13th, 2014 11:54.

Your signature privileges are suspended until November 12th, 2014 11:54.

So I was like.. Okay. This guy has some beef. I tried to PM him, but I am on his ignore list apparently. For what? I still don't know.

Today the 20th of August I got my posts reset from about 24,800 to 40. I got my awards removed so I only had the donator awards left as well as gift (mind you I won member of the month twice). My reputation got reset from about 2750.

I am still curious why all this is happening, but Omniscient won't tell me. So this is the only thing I could do.

I've donated over \$700 in Bitcoins and through PayPal. I sent Omniscient a lot of gifts through Amazon. Many from his wish list. Probably a grand total of \$1000 has been given just to Omniscient, owner of HackForums.net

Omniscient:

Thanks for the twitter shoutout on my birthday.

Thanks for the reputation you once gave me.

Thanks for whitelisting my IP when I got firewalled.

At least fucking tell me what I did instead of doing nothing.

To everybody else:

It has been some great years. Many good memories.

I'm done being a bitch.

Deathmaul - August 21, 2014, 9:29 am

I talked to him moments before he banned himself.

He will be missed for sure, and from what I know. He is very HQ friendly and helpful.

For what ever reason he was messed with. I believe it was not worth losing this member over. It is truly sad to see such an awesome part of the community leave.

Have a good time off Snorlax, you will be missed my friend. ?

Yeah, something must've happend.. I don't really want to PM Omniscient about it because it doesn't concern me. But if he wants to post here then it would be nice.

Because I really wants to see this from his perspective.

@OP he appears to be back.

Crypto - August 21, 2014, 4:07 pm

He was one of the best, Really don't know what happened.

If Omni just trolled him like this I don't really think that would be fair.

I don't believe he just did it for no reason, Something must've happened.
