Thread: [W|M FREE HQ GRAPHICS | SIGNATURES | BANNERS | OVERLAYS | HEADERS \(WILL BE PAID SOON\)](#)

Wolfi - August 23, 2014, 8:56 am

Hey friends,

For those who don't know me, am [Wolfi](#).

A Computer Science Engineering student who is interested in Coding, Designing and Making Money of course.

Being new to HF, am more than happy helping people with Graphics.

Was planning to open a paid graphics shop in a few days.

But before that, I thought of making my marks in depth on HF.

Yeah. Its a free shop for a very limited time.

But I could guarantee that, everyone posted below before I close (or notify in) the thread will get their request completed, at any cost. ?

For your notice, this service is not done by me alone.

My friend [Maniac fx](#) also has an equal part in this.

Is offered by both of us. (Yeah. To complete your requests ASAP)

He is my colleague who is really cool with his graphics skills.

You may find some of his contributions to HF below this thread.

(Of course, I have added mine too)

ARE YOU ELIGIBLE ?

By the way, there are some requirements for you to be eligible.

You should be either: An ub3r member

A l33t member

A normal member with atleast 50 rep

The above requirements are meant to reduce the low quality traffic.

WHAT DO WE PROVIDE ?

At the moment, we are providing big ones only: Signatures

Banners

Overlays

Headers

Avatars, Icons, Logos, Business cards and more will be included in our paid shops.

HOW SHOULD I APPLY ?

I'm not looking for a service, I'm challenging you as a student, and graphics "artist". The combination of Capitalism, Socialism, and Communism is a very impenetrable topic that I'm asking you to put into a graphic. I'll be reasonable payment wise.

Think of it as a brain teaser.

Your challenge will be accepted if you could guarantee that you'll pay a reasonable minimum payment.

The above statements really give me an instinct that you are not gonna pay for my valuable time. By the way, I don't want this conversation to spoil my thread. You may PM me if you got to talk more on this.

It depends on the work load, and free time available.

May be we'll close it in 2 or 3 days, or it'll be continued for some weeks.

The only thing I could guarantee now is that,

"Each and every eligible request, applied before I close or notify in the thread, will be completed at any cost."

Completed works will be posted in the thread from tomorrow on
