Thread: [It's my Birthday | Providing something to HF Members for free](#)

Wolfi - August 23, 2014, 12:29 pm

Hey,
Its my Birthday today. Am 21 ?

Its my very first Birthday after I joined HF, and I thought of celebrating it here.
Many of you might not know me. Am a new member of course.
So, let me introduce myself to you.
Am a 21 year old B'tech student who is wandering here and there with a lot of back papers ?
I love coding, designing, and gaming.

My passion towards coding brought me here upon suggestion by one of my friend.
While visiting various sections, I saw a lot of requests in graphics section, and thought of helping people out there with graphics for free.
But that helped me too in an other way, since this awesome member [LL?](#) upgraded me to l33t in a [free upgrade contest](#).
Now, am in love with HF in such a way that, I don't get enough time even to play my favorite games.

Now, the good news:
I really had a great day with my friends.
But I wanted to contribute something to HF.
As a solution, my friend I started a [Free Graphics Shop](#) in the "Graphics Services" section for almost all members.
You may go grab your copies if you need them friends. ?

Thanks for the wishes mate.
Get the upgrade soon, and enjoy the privileges of an upgraded member.
Made that criteria to reduce the possible low quality traffic...
