Thread: [Proxy List: 193141 Proxy's](#)

**Discounted** - August 25, 2014, 5:29 am

Whats up guys i have a proxy list for you guys!

This Grate for Brute-force attack's and other things. Please show me some love!  
Enjoy guys!

Sorry guys, never using mega again :')

**Patrick Jane** - August 25, 2014, 9:17 am

I scanned all the proxies and only 21 of them worked.

**Hulk** - August 25, 2014, 9:53 am

Why is there arrcutrian with double r and if you try to download it's arcutrian proxy list with only 1 r?

Can you explain please

So are you going to be putting it on mediafire? Cheers.

**ramkumaritrvs** - August 26, 2014, 1:46 am

access denied :( please have a look on this...

**aniketgupta** - August 26, 2014, 3:58 am

sorry to say but all proxies are dead sir .. ?

**Seagulls** - September 6, 2014, 6:58 am

For me it just says: 'Access Denied' when I go to the mediafire download link. Please let me know what is going on.
