So many badass gunfights in Black Lagoon it's not even funny, I'd use that. You could also use tons of scenes from Evangelion, Samurai Champloo, Cowboy Bebop, and anything made by Gen Urobuchi. There are a lot of shows you can pick from that have their moments.

Good luck, I think it's a worthy cause and despite my belief this thread will most likely be deleted in my experience of posting a huge list in recommendations (which are deleted after I give them :()) I'll give you just a single recommendation.

-Jormungand (Fast Paced Music with lots of action when it happens) it matches the situation and the characters are great. It even has some moments where the music fits with revelations into complex problems. even a soundbyte of main character's hmm-hmm would be worth it haha, dunno who did it but they nailed it.

I would of given 2 but cause it was an epic intro music that sticks in your head but can't remember it without looking through all my shows and like I said not going to give that much effort.

PM me with finished product! unless you never see this post haha

dontblamedad1 - August 25, 2014, 8:45 pm

have you done "Monster"? its a pretty good one.

Lyrlei - August 26, 2014, 2:02 am

Oh, I can't remember where I just thought you said you didn't. Maybe it was just a certain anime ?

OP, do a Code Geass or an Evangelion AMV. Or just choose an anime that has a lot of action packed scenes.

Anime Only - August 27, 2014, 8:07 am

I don't think Oreimo has many fight scenes like OP wants lol. Unless Ayase and Kirino beating up senpai count.

Manami was really fucking annoying :/

MyNy - August 28, 2014, 9:58 am

Uhm, for that assassin stuff try Akama ga Kill.

If you also take "non-assasin stuff" try Chuunibyou demo Koi ga Shitai! You can make good AMV's with that anime!

+Cloud - August 28, 2014, 4:20 pm

you could do shakugan no shana and use s3 THERE IS SO MUCH ACTION, its pretty much 24 eps of action

Spoiler [\(Click to View\)](#) The whole series is pretty much like 1 huge war
