Thread: [\[Rat service\] Federal Agent's RAT service -\[Cheap |Mentoring |Spreading | Crypt|Setup](#)

Federal Agent - August 26, 2014, 9:20 am

Hi there! I'm Federal Agent and, though I am new to the forum, I have been RATING and spreading for about a year before I joined the forum.

I have my own methods that I have been using to spread and they have succeeded in giving me 50+ slaves with just a little effort to get started and then it spreads autopilot!

I have decided that instead of just RATING and keeping my methods to myself, I would start a paid mentoring and set up service to share with the people here on the forum!

I've seen numerous people with FUD rats and have no clue how to spread. They end up posting thread seeking for help, and this is where I will step in to get you started in your ratting journey. I am different from other spreading techniques such as botshops, ebooks, spreader tools because I am a one man service that will guide you and mentor you to spread your rat efficiently.

Service and pricing:

- Mentor you to spread with different unsaturated methods. \$5
- Rat setup/Crypts/Troubleshoots. \$3.5
- Anyone that purchase my service will get 20 free installs plus I will spread for you over a unsaturated niche.

If you are interested in my service, please comment below or shoot me a pm of your skype or IM service. Vouch service are given out to upgrade members at the moment. 2/3 claimed.

I am closing this old service and opening a new service with dragonvein. We decided to work together since we met eachother on HF, please go here:

<https://hackforums.net/showthread.php?tid=4428366> to get the new Rat Mentoring service.

rata487 - September 17, 2014, 2:09 am

On the new thread i can't comment so i'll comment on here, i didn't recieve the bots that were specified in the thread, nor did i recieve the unsaturated niche spreading.

The only thing i have got untill now is a very, very well known spreading "cough" guide.

I hope i will recieve everything specified in the thread, it has been 1 or so week and he does not reply to my skype messages even though he does reply to another skype account (strange much?), I advice caution!

I will comment in 1 or so week when i (hopefully) recieve everything specified in the new thread:
