Thread: [Bought this for fun hehe <3 \[Video\]](#)

Regulus - August 26, 2014, 2:20 pm

I don't know if this is the right section for this or if this should be posted in the "Melody, Harmony, Rhythm, and MP3" section. So please move it to the right section if this is the wrong :)

So i had some money over and decided to buy myself something just for fun hehe. So i bought this like 1 week ago and got it yesterday, decided to show it to you guys.

Most members, or let's say many members on this forum knows i love music and i even produce my own music in FL Studio so i thought this was something fun to invest in, it's nothing special but it's a really fun toy to be honest and i enjoy it, my cat loves it as well haha, i feel like a little kid again :)

Let's throw a party at my home and make it "Project X #2" or what do you say HF hehe? :)

Trust me, it gets a LOT better with some smoke as you can actually see the lasers, it's awesome hehe :)
