You did not specify in your thread whether or not you are being generous enough to give 5000 Facebook followers to non-upgraded members as well.

Regardless, please send followers to the following Facebook account:

<https://www.facebook.com/AaliyahBintSana>

Thank you. ?

Edit: I just noticed that there was a prefix attached to this thread stating that this service was only for 'L33t/Ub3r'. I understand now, though I'd be truly appreciative if you could (secretly, if need be) send me the followers. :)

That's due to the fact that I wasn't planning on doing so in the first place as signified by the Prefix attached to the thread: L33T/UB3R.

However, your posts are quite HQ, therefore I shall send them to you ;)

Service is open for another 13 Hours! Hurry up and get your free followers! :)
