Thread: [Project Pixel: Batch Virus Generator](#)

No Effort - August 28, 2014, 6:51 pm

You can find the release [here](#).

Well due to high demand on my original thread and the fact that you can decompile the code easily, I will be releasing the source.

If you want to get the program just private message me, I do this to prevent leechers.

Features

- +Preview Button: Preview the code before it's saved
- +Over a dozen commands to fool around with!
- +Windows 8 & 7 Compatible
- +Coded from scratch

Screenshots:

I have not included a virus scan as it's a source code for Visual Studio, if you are still hesitant, scan it yourself you lazy bastards <3

billybobzz - August 28, 2014, 6:58 pm

I would really like to get this please and thank you! ?

wasdick6 - August 28, 2014, 7:13 pm

Please PM me the source code. I would really like it from the back.

(Aug 28, 2014 07:13 PM)wasdick6 Wrote: [\[CITE\]](#) Please PM me the source code. I would really like it from the back.

All it does it add batch source to a .bat file.

Select every option and you will have the entire source.

ferithan - August 29, 2014, 7:43 am

This looks awesome! I would love a copy of it
SEND ME

THANKSSS

jessman420 - September 5, 2014, 5:12 pm

You know the vb.net side is cool, but your batch needs some love. These are all cheezy cut and

pasted batch codes.

If you want some help with the batch side, hit me a pm.

The .net side needs some love as well.

Adding text to a text box isn't that cool.

en3rgizz - *September 22, 2015, 2:30 am*

Good project very nice :)

kenith15 - *September 22, 2015, 2:36 am*

looks like a nice project, good job

.cYRil. - *September 22, 2015, 2:43 am*

it shows just some usefull commands in batch script nothing more, anyway thanks for this

Jackie Chun - *September 22, 2015, 8:21 am*

Shouldn't this be in the batch section?

Nuuked - *September 23, 2015, 7:49 pm*

please pm me. I cant pm you yet. I would appreciate it

Dirtykaya - *September 26, 2015, 11:50 am*

i do not have 25 posts :(you can trust me
