He can't do that, report it to Omniscient ASAP if you want any chance of not being suspended. He will close both of you probably.

You'll be banned here.

I recommend you ask for it to be removed if you're scared this may happen, or simply forward your enquiry to Omni.

What a fucking asshole.

Why does he wanna charge back since he owes you?

And yes.. It will get you banned.

The ewhore money is fake, if you wait 60 days you can't chargeback.

Ask to get removed from getting upgraded in order to NOT get banned.

You will indeed get banned if he charges back so let Omni know what's going on before this guy decides to do it. Next time make sure you can trust someone that upgrades you or do it yourself.
